## OUTDOOR PLAYING SURFACES

### Inclusions in Seasonal Player Fees

A seasonal player fee entitles each sporting organisation to the following:

- Access to oval for all home game fixtures;
- 2 x 2 hour training sessions per week;
- Use of the pavilion for home fixtures until 12:00 pm;
- Use of pavilion for designated training nights as requested until 10:00pm;
- Use of pavilion for one Annual General Meeting / End of Season Windup; and
- Use of oval and pavilion for registration & open day.

Seasonal Oval User Groups need to book the relevant facilities for these activities even when they are provided as part of the senior player fees.

All other Seasonal Oval User Group activities are to be charged at the hourly community rate for the relevant facility (oval and pavilion). These may include but are not limited to:

- Pavilion use on away game fixtures;
- Fund raising activities (unless this is done during their booking for a home game fixture or for a charity); and
- Sporting carnivals in addition to normal season seasonal fixtures.

The exception is Eastern Hills Little Athletics which have an approved arrangement that their fixtures be Friday night (as Saturday nights is not available).

## DEFINITIONS:

### Senior

A senior player is to be 17 years or older or a younger person playing in a senior team.

### Junior Team

In order to be considered as a junior team and have free use of ovals and the Mundaring Hard Courts, the junior team must be competing in a recognised junior competition and have the majority of players 16 years of age or younger. Juniors that may compete in open competitions will be required to be charged as a senior.

This free use does not extend to any applicable lighting charges which may be incurred.

### “Seniors A” Fee

The “Seniors A” fee classification is for ovals and/or associated facilities that received major upgrades. As the cost for facility upgrades for Mundaring Oval, Harry Riseborough Oval and Brown Park Oval were all in excess of \$150,000, the ovals attract a 20% increase in price over facilities that have not had capital upgrades, and senior players that are based on these grounds are charged at the “Senior A” fee.
