5.0 GENERAL BUSINESS

5.1 ELECTORS QUESTIONS

Electors Questions is to be conducted in accordance with Shire of Mundaring Meeting Procedures Local Law 2015.

Summary of Questions		Summary of Responses Given
Jenny Johnson, President of the Mundaring & Hills Historical Society		
1	<i>There are concerns in the community regarding a number of inappropriate refurbishments which have taken place on buildings listed in the Heritage List for Mundaring.</i> <i>These have been reported to staff but as yet no satisfactory reason has been given for these inappropriate works.</i> <i>These are heritage buildings. One is the old school in Parkerville which was painted in heritage colours, and is now painted in " Battleship Grey".</i> <i>The front of the Mundaring Hall was heritage colours and its now " Battleship Grey". They are inappropriate colours for heritage buildings.</i> <i>Can you please give me a reason for these works that have being carried out?</i>	<i>CEO advised that this question will be taken on notice.</i>
2	<i>As Council has received funding generated by the C4C scheme program, will these funds, after expenses, be granted to the community who enabled these funds to be generated?</i>	<i>Director Infrastructure Services advised that at this stage it is intended that all the income from the "Containers for Change" would be placed into a Waste Reserve that would help fund additional waste initiatives or offset future waste costs.</i>

3	<i>The Mundaring Cemetery Working Party comprising members of Mundaring & Hills Historical Society and the Mundaring Rate Payers Association have been patiently waiting for months to view the design work for the upgrade for the Cemetery as promised by staff. When will this take place?</i>	<i>Director Infrastructure Services thanked Ms Johnson for her patience and advised that some of the difficulties have been the loss of all three Design Officers last year of which have only just recently had two of the three positions replaced with new staff, both of who have only recently qualified and coming up to speed.</i> <i>Aside from the delays, the plan is now updated and the Director Infrastructure Services is now ready to recommence discussions on the plan which incorporates earlier consultation to enable confirmation of details.</i> <i>Director Infrastructure Services will contact Ms Johnson the week commencing week 14 March 2022.</i>

CARRIED

5.2.8 Review of Shire's Local Planning Scheme LPS4 2022-23

MOTION	AEM2022.03.10
Moved by: Peter Brazier	Seconded by: Greg Jones

1. That Council consider in the minor review of the Shire's Local Planning Scheme LPS4 scheduled for 2022-23 to include:-
 - a. Banning all cul-de-sacs in any subdivision development in high bushfire prone areas – tis follows the land mark decision by the SoM, DPLH and the WAPC (Dec 2021) to remove 3 cul-de-sacs from Structure plan SP79 in Parkerville. Cul-de-sacs were deemed too dangerous to include in the SP79 subdivision design in this extreme bushfire prone area.
2. Not to allow any development within 100m of any water courses in the Shire and that this is factored into the forth coming SoM 'watercourse hierarchy and protection strategy'. It should be noted that the SoM council voted against the SP79 in March 2021, for two key reasons:-
 - a. The inclusion of cul-de-sacs in the development design; and
 - b the residential encroachment within 100m of Clutterbuck creek.
