### SUMMARY

The purpose of this report is to brief committee members on the reason for delay in the adoption of the 2023/24 budget.

### BACKGROUND

The implementation of the new Chart of Accounts (CoA) has resulted in delays in preparing the 2023/24 Budget (the Budget). The Corporate Business Plan, Long term Financial Plan and Budget are normally presented to the June Ordinary Council Meeting or a Special Council meeting around this time, although this timeframe has been later in recent years due to the Integrated Planning and Reporting process taking longer.

The new CoA was not available until the first week of July 2023 (the new COA went live 3 July 2023), after which staff were able to start inputting the new budget estimates to form the Budget.

This process took the majority of July as staff became familiar with the new CoA and reporting structure, meaning that finance staff could not commence the preparation of the required budget documents until early August 2023. This process is now underway and requires significant officer time to ensure the new CoA is properly mapped into the budget template documents.

It may still be possible to meet the statutory deadline of 31 August 2023 to adopt the budget; however, as a contingency, the Chief Executive Officer has sought the necessary approval from the Minister for Local Government to adopt the budget after this date (extension granted to 30 September 2023).

This timeframe is dependent on the required finance staff, especially the Manager of Finance and Governance, being available for all of this period. Any absences through illness etc. will result in further delays.

Consideration has been given to engaging additional staff resources to support the finance team through this complex conversion however it is not considered practical due to the training requirements (meaning the same finance staff will not be working on the budget/CoA project).

While adoption of the budget after the statutory deadline is not ideal, the alternative meant delaying implementation on the CoA project for a further 12 months. This was not considered an option as the same issue would exist next year and the benefits of the new CoA are considered too important to delay further. In addition, the significant staff training and momentum that has been generated in implementing the CoA would be eroded and would also need to be repeated.

## STATUTORY / LEGAL IMPLICATIONS

Local Government Act 1995 Section 6.2

### 6.2. Local government to prepare annual budget

- (1) During the period from 1 June in a financial year to 31 August in the next financial year, or such extended time as the Minister allows, each local government is to prepare and adopt\*, in the form and manner prescribed, a budget for its municipal fund for the financial year ending on the 30 June next following that 31 August.

\* Absolute majority required.

## POLICY IMPLICATIONS

Nil

## FINANCIAL IMPLICATIONS

The adoption of the budget later than the usual timeframe of June/July annually will impact the amount of surplus municipal funds available to be invested. As the budget for these interest earnings is generally conservative, it is unlikely to have any material impact on the 2023/24 Budget.

## STRATEGIC IMPLICATIONS

Mundaring Strategic Community Plan 2020 - 2030

Priority 4 - Governance

Objective 4.4 – High standard of governance and accountability

Strategy 4.4.8 – Compliance with the Local Government Act 1995 and all relevant legislation and regulations

<b>Risk:</b> Compliance: The budget is adopted in a format that does not meet statutory requirements and contains material errors or omissions as a result of rushing its preparation to meet the statutory deadline of 31 August 2023.

Possible	Moderate	Moderate
<b>Action / Strategy</b>		
Write to the Minister for Local Government seeking an extension of time to adopt the		

budget to ensure it is prepared in an accurate manner in the format prescribed.

**EXTERNAL CONSULTATION**

There has been a media campaign undertaken in recent weeks to inform residents of this delay in the adoption of the budget and when they can expect to receive their rates notice.

**COMMENT**

The delay in adoption of the 2023/24 Budget is a regrettable consequence of the demands on staff resources associated with the CoA project, however staff remain confident that the benefits derived from the new CoA will far outweigh this short term impact.

**VOTING REQUIREMENT**

Simple Majority

**RECOMMENDATION**

That the Committee notes the explanation regarding the delay in the adoption of the 2023/24 Annual Budget.
