#### SUMMARY

In August 2021, the Grants Selection Committee approved a Matching Grant application from Chidlow Volunteer Bush Fire Brigade in the amount of \$1385 (**GSC 3.08.21**) for the purchase and installation of a new oven and range hood at the Chidlow Fire Station.

It was subsequently found that the application was made in retrospect and that the project has already been finalised. Under the Community Grant Program Guidelines, retrospective requests will not be funded.

It is recommended that the Committee's decision to award the grant is upheld for reasons outlined in **Comments and Attachment 1**.

#### BACKGROUND

At its August 2021 meeting, the Grants Selection Committee approved a Matching Grant application from Chidlow Volunteer Bush Fire Brigade in the amount of \$1385 (GSC 3.08.21) for the purchase and installation of a new oven and range hood at the Chidlow Fire Station.

Upon receipt of the grant agreement, the group realised they were unable to sign as the purchases had already been made and the request was therefore retrospective. Under the Community Grant Program Guidelines, retrospective requests will not be funded.

Matching Grants provide up to a maximum of \$2000 or 50% of the total project cash cost, whichever is the lesser amount. For grants over \$500, while in-kind contribution to the project is encouraged, this cannot be used as a matching component to Shire funding. Matching funding may be sourced through the group's own fundraising activities, other grant applications or sponsorship for that project.

#### STATUTORY / LEGAL IMPLICATIONS

Council has provided the Grants Selection Committee, through its Terms of Reference, with authority to grant Milestone Event Grants, Community Event Grants and Matching Grants.

## **POLICY IMPLICATIONS**

While the grant is in line with the Shire's Community Funding Policy CD-02, it does not comply with the Community Grant Program Guidelines.

## **FINANCIAL IMPLICATIONS**

## EXTERNAL CONSULTATION

Consultation was undertaken with applicant groups and referees as required.

## COMMENT

The application has been reviewed and a report compiled (Attachment 1).

The group applied for the Matching Grant believing they met the eligibility criteria. The application meets all other assessment criteria, however as the project has already been completed, it is a retrospective request.

Should the Committee determine not to award the grant, the group has advised that they will be impacted with few funds available to direct to other projects. The group is about to commence construction of a new locker/change room in the fire station. This project is a necessary capital improvement that meets the guidelines for funding under the Local Government Grant Scheme (LGGS) administered by the Department of Fire and Emergency Services. The group has been advised that funds through the LGGS will not be available for the project in the near future. The construction is estimated to cost approximately \$8000. The group has applied to the Western Power Bushfire Volunteers Grants Program for assistance with the locker/change room project, however this program is always over-subscribed and very competitive. If unsuccessful, the group will fund this

project entirely as it needs to be undertaken prior to next fire season. Undertaking the project will take a substantial portion of the group's financial reserves. Receipt of the Matching funds to undertake the kitchen upgrades will assist to reduce the diminution of these reserves.

Chidlow Volunteer Bush Fire Brigade receives income from donations, community fundraising and payment for hazard reduction burns on private and public property and occasional grant funding. The major source of income is hazard reduction burns. The group's ability to undertake these burns is constrained by the weather and the availability of volunteers, particularly due to COVID-19 restrictions. It is difficult to plan burns in advance because of the unpredictability of the weather and burning conditions. The group has undertaken very few burns this year because it has been too wet, and anticipates that this will extend into spring, leading to extremely constrained income this year.

The group has prudently managed their finances, with their financial position gradually improving over the last ten years. During this time, the group has funded many items of equipment, fire station amenities, community activities and volunteer recognition services and events and hopes to be able to continue to do so. The group has had mixed success in attracting grant funding.

The Committee may consider that the application, having not met the grant eligibility criteria in terms of retrospectivity, not be approved to ensure the fair and equitable distribution of funds through the Community Grants Program.

However, approval of this request will allow the group to proceed with the proposed upgrades to the fire station without depleting their financial reserves, allowing them to continue to provide other valued community activities and projects in the East Ward.

#### **VOTING REQUIREMENT**

Simple Majority

<b>RECOMMENDATION</b>
-----------------------

That the Committee resolves to confirm the previous decision (GSC 3.08.21) to award a Matching Grant to the total value of \$1385 to Chidlow Volunteer Bush Fire Brigade, noting that doing so is outside of the Community Grant guidelines.

Strategy 1.1.4 – Support community collaboration and community-led initiatives and activities.

Strategy 1.1.6 – Promote and recognise volunteering within the Shire

Objective 2 – Increase participation in activities that yield mental health benefits

Commitment 2.2 – Acknowledge and celebrate the efforts of volunteers

Goal: Building and maintaining safe places to live, work and play

Objective 2: Enhance bush fire preparedness

Commitment 2.4 – Establish and maintain volunteer bush fire brigades in accordance with the requirements of the *Bush Fires Act 1954*.

**4. Brief Description of Project**

The group seeks funds to purchase and install a new oven and range hood in the Chidlow Fire Station. The existing electric oven and cooktop is too small, with Brigade member numbers growing steadily. The oven is required for catering for volunteer training, catering for firefighters at extended response to bushfires, and brigade meetings and social events.

**5. Project Rationale**

The inadequacy of the previous small electric stove has been discussed by members for some years. Various options have been debated. Increasing numbers of volunteers have increased the demand on station infrastructure. A decision to proceed with a larger electric oven with gas cook-top was arrived by resolution at the general meeting.

**6. Project Plan**

- Research options to enhance capacity of station kitchen facilities.
- Seek approval from Shire to install larger stove.
- Reach member agreement on preferred oven and cooktop option and configuration.
- Bring quotes for stove and range hood to general meeting.
- Obtain member resolution to proceed.
- Purchase and install oven and range hood.

**7. Acknowledgement of the Shire's support**

Shire contribution will be acknowledged verbally and on social media.

**8. Demonstrated Success of the Project**

Improved capacity of fire station kitchen facilities will assist in enabling the Brigade to provide adequate catering for Brigade members at various functions including:

- Catering for members at Brigade meetings and in-house training events
- Catering for members of other Brigades at occasional Mundaring Fire School training courses held at Chidlow Fire Station, eg. Pump Operations courses are regularly held at Chidlow Station
- Catering for members at extended fire emergency responses. For example at the recent Wooroloo Fire, members turned out to crew appliances around the clock for four shifts daily for seven consecutive days, and then on day shifts for several more days. Catering at the Incident Control Point was not always available. Food and drink for tired and hungry volunteers was supplied at Chidlow station by other members, family members and community members and the kitchen was constantly in use.
- Catering for Brigade members at regular social events.

Catering for Brigade members will be able to be served safely and in a timely manner in adequate quantities for the number of volunteers requiring it. Previously observed bottlenecks and delays in preparing and serving food will no longer occur. Members providing catering services will have more options on the nature and variety of catering provided. The Brigade will be better

equipped to provide more options for members with particular dietary requirements.

**9. Project Budget**

The total budget is \$3370. The applicant is seeking \$1385 from Shire of Mundaring, being 41% of the budget. Matching funding will be sourced from the Brigade's existing funds.

**10. Referee**

Blue Inder - Smith, Owner, Chidlow Growers Mart

**11. Comments**

The applicant has canvassed input from members over a period of time with regard to the needs of the group; with increasing membership the need for a suitable oven to accommodate required catering needs for volunteer training, during bushfire response and for brigade meetings and social events has become a priority.

The work has been undertaken with approval from the Shire.

The Committee may consider that the application, having not met the grant eligibility criteria in terms of retrospectivity, not be approved to ensure the fair and equitable distribution of funds through the Community Grants Program.

However, approval of this request will allow the group to proceed with the proposed upgrades to the fire station without depleting their financial reserves, allowing them to continue to provide other valued community activities and projects in the East Ward.

**12. Recommendation**

That a Matching Grant to the value of \$1385 be awarded to the applicant.
