

2 August 2019

NOTICE OF MEETING

Dear Councillor,

The next Ordinary Meeting of Council will be held in the Council Chamber at 6.30 pm on Tuesday, 13 August 2019.

The attached agenda is presented for your consideration.

Yours sincerely

A handwritten signature in black ink, appearing to read "Jonathan Throssell".

Jonathan Throssell
CHIEF EXECUTIVE OFFICER

Please Note

If an Elected Member has a query regarding a report item or requires additional information in relation to a report item, please contact the senior employee (noted in the report) prior to the meeting.

AGENDA
ORDINARY COUNCIL MEETING
13 AUGUST 2019

ATTENTION/DISCLAIMER

The purpose of this Council Meeting is to discuss and, where possible, make resolutions about items appearing on the agenda. Whilst Council has the power to resolve such items and may in fact appear to have done so at the meeting, no person should rely on or act on the basis of such decision or on any advice or information provided by an Elected Member or employee, or on the content of any discussion occurring during the course of the Meeting. Persons should be aware that regulation 10 of the *Local Government (Administration) Regulations 1996* establishes procedures to revoke or change a Council decision. No person should rely on the decisions made by Council until formal written advice of the Council decision is received by that person.

The Shire of Mundaring expressly disclaims liability for any loss or damage suffered by any person as a result of relying on or acting on the basis of any resolution of Council, or any advice or information provided by an Elected Member or employee, or the content of any discussion occurring during the course of the Council Meeting.

2.0 ANNOUNCEMENTS BY PRESIDING MEMBER WITHOUT DISCUSSION

3.0 DECLARATION OF INTEREST

3.1 Declaration of Financial Interest and Proximity Interests

Elected Members must disclose the nature of their interest in matters to be discussed at the meeting (*Part 5 Division 6 of the Local Government Act 1995*).

Employees must disclose the nature of their interest in reports or advice when giving the report or advice to the meeting (*Sections 5.70 and 5.71 of the Local Government Act 1995*).

3.2 Declaration of Interest Affecting Impartiality

An Elected Member or an employee who has an interest in a matter to be discussed at the meeting must disclose that interest (*Shire of Mundaring Code of Conduct, Local Government (Admin) Reg. 34C*).

4.0 RESPONSE TO PREVIOUS PUBLIC QUESTIONS TAKEN ON NOTICE

Nil

5.0 PUBLIC QUESTION TIME

15 minutes (with a possible extension of two extra 15 minute periods) are set aside at the beginning of each Council meeting to allow members of the public to ask questions of Council.

Public Question Time is to be conducted in accordance with Shire of Mundaring Meeting Procedures Local Law 2015.

6.0 APPLICATIONS FOR LEAVE OF ABSENCE

7.0 CONFIRMATION OF MINUTES OF PREVIOUS MEETINGS

RECOMMENDATION

That the Minutes of the Ordinary Council Meeting held 9 July 2019 be confirmed.

8.0 PRESENTATIONS

8.1 Deputations

- (1) Members of the public may, during the deputations segment of the order of business and with the consent of the Presiding Member, make a public statement on any matter that appears on the agenda for that meeting provided that –
 - a) the deputation is limited to a maximum of 3 minutes, unless otherwise determined by the Presiding member;
 - b) the deputation is not offensive or defamatory in nature, providing that the Presiding Member has taken all reasonable steps to assist the member of the public to phrase the statement in a manner that is not offensive or defamatory; and
 - c) no discussion or questions relating to the deputation are permitted, unless otherwise determined by the Presiding Member.
- (2) Fifteen minutes is to be allocated for deputations.
- (3) Once all statements have been made, nothing prevents the unused part of the deputation time period from being used for other matters.
- (4) If the 15 minute period set aside for deputations is reached, Council may resolve by resolution that statement time be extended for no more than two 15 minute extensions.

8.2 Petitions

- (1) A petition is to –
 - a) be addressed to the President;
 - b) be made by electors of the district;
 - c) state the request on each page of the petition;
 - d) contain the legible names, addresses and signatures of the electors making the request;
 - e) contain a summary of the reasons for the request;
 - f) state the name of the person to whom, and an address at which, notice to the petitioners can be given; and
 - g) not contain offensive or insulting language.
- (2) On the presentation of a petition –
 - a) the member presenting it or the CEO is confined to reading the petition; and
 - b) the only motion that is in order is that the petition be received and that it be referred to the CEO for action.
- (3) At any meeting, the Council is not to vote on any matter that is the subject of a petition presented to that meeting, unless –
 - a) The matter is the subject of a report included in the agenda; and
 - b) The Council has considered the issues raised in the petition.

Attachments	1. CBP Project Quarterly Report 1 April - 30 June 2019 ↓

SUMMARY

Council adopted the Corporate Business Plan (CBP) for the period 2018/19 -2021/22 on 12 June 2018. The CBP contains a range of strategic and planning priorities to be implemented on a yearly basis. Council receives quarterly reports about the implementation of these priorities. The purpose of reporting is to provide an internal review and monitoring function that allows the Shire to respond to change through a systematic reporting process.

This final quarter Corporate Business Project Report (CBPR) reflects project progress as at 30 June 2019 and notes all completed, in progress, deferred, behind schedule and changes to project due dates.

The attached report reflects progress on projects up until 30 June 2019. Since this date, further changes have occurred and it is recommended that Council endorse these proposed changes to the following projects:

- Chidlow Oval Lighting Upgrade date changed to June 2019 due to the delay of lighting fixtures from China. This project was subsequently completed by this date.
- Mundaring Hardcourts Resurfacing project changed to 9 August 2019 due to facility booked out to users, theft of electric cabling and inclement weather.
- Recreation Plan completed and presented at the 9 July 2019 Council meeting, to allow Councillors more time to read and consider the report.

BACKGROUND

Section 5.56 of the *Local Government Act 1995* (the Act) "Planning for the Future" requires a local government to plan for the future of the district and to make plans in accordance with the regulations. Regulations came into effect 1 July 2013 requiring all local governments to have developed and adopted a Strategic Community Plan (SCP) and a Corporate Business Plan supported and informed by resourcing and delivery strategies. These plans will drive the development of each local government's annual budget and through a process of continuous improvement, local governments should be better able to plan for and meet the needs of their communities.

The reporting element is the process by which local government informs the community and statutory bodies on its progress in delivering services, projects and other operations to meet the community's short term, medium term and long-term aspirations.

Section 5.53 of the Act requires the annual report to contain an overview of the plan for the future of the district, including major initiatives that are proposed to commence or to continue in the next financial year.

STATUTORY / LEGAL IMPLICATIONS

Section 5.56 of the *Local Government Act 1995* requires a local government to plan for the future of its district in accordance with any regulations made.

Regulation 19DA of the *Local Government (Administration) Regulations 1996* sets out the requirements for preparing, adopting, reviewing and modifying the Corporate Business Plan.

COMMENT

Listed in the final quarter CBPR the Shire has 11 projects, which are regularly reported on. The status of these projects is as follows:

Status	No.	Project Title
Change of dates	3	Chidlow Oval Lighting Upgrade – Delivery delay of lighting fixtures Mundaring Harcourt Resurfacing – funding secured Recreation Plan – To be presented at July 2019 Council meeting
In Progress	6	Mundaring Multi-purpose Community Facility Concept Plan and Town Centre Land Assembly; Mundaring Hardcourt Resurfacing; Mundaring Oval Lighting Upgrade Public Health Plan; and Weed Control Strategy
On-hold	1	New Chart of Accounts – Due to retirements and a resignation in Finance
Complete	4	Major Project – Replace Toilet Blocks; Mundaring Town Centre Revitalisation Project; Chidlow Oval Lighting Upgrade; Darlington Hall Accessibility Upgrade; and Recreation Plan – Complete and presented at July 2019 Council meeting

VOTING REQUIREMENT

Simple Majority

RECOMMENDATION

That Council:

1. Endorses the date changes to the following projects listed in the quarterly Corporate Business Project Report 1 April – 30 June 2019 shown in **Attachment 1**:
 - (i) Chidlow Oval Lighting Upgrade to June 2019 - due to the delay of lighting fixtures from China, noting the project has now been completed;
 - (ii) Mundaring Hardcourts Resurfacing project to 9 August 2019 - due to facility booked out to users, theft of electric cabling and inclement weather; and
 - (iii) Recreation Plan completed and presented at the 9 July 2019 Council meeting, to allow Councillors more time to read and consider the report;
2. Notes all other projects are in progress, on-hold, or complete.

Chidlow Oval Lighting Upgrade	Chidlow Oval Lighting Upgrade	17/09/2018	17/05/2019	100	100	Complete	Project completed June 2019
Mundaring Civic Precinct Concept Plan and Town Centre Land Assembly	Mundaring Multi-purpose Community Facility Concept Plan and Town Centre Land Assembly	2/07/2018	30/06/2020	100	20	In Progress	Consultants appointed. Inception meeting and provision of data to consultant took place in June 2019. Consultation and engagement plan in development.
Mundaring Hardcourt Resurfacing	Mundaring Hardcourts Resurfacing	3/09/2018	9/08/2019	100	90	In Progress	Revised date of completion is 9 August 2019 due to a number of factors eg. Facility booked out to users, theft of electric cabling and inclement weather. Works scheduled but not yet complete include acrylic colour surfacing, installation of new basketball backboards.
Mundaring Oval Lighting Upgrade	Mundaring Oval Lighting Upgrade	2/07/2018	31/03/2020	100	20	In Progress	Additional funding of \$65,000 has been secured to enable the project to be funded, 50% by Federal Government (\$195,000 total). Work has been scheduled for FY 2019/20
Public Health Plan	Develop a Public Health Plan	7/03/2018	31/12/2019	15	92	In Progress	Development of draft plan in progress.

Governance [Strategic Community Plan(2016-2026)]							
Business Case	Project	Start Date	Due Date	% Of Parent	% Complete	Status	Comments
New Chart of Accounts - Design and Implementation	New Chart of Accounts	9/01/2017	5/07/2019	100	83	On Hold	<p>Project deferred to November 2019 per Council decision C12.05.19 at the May 2019 Council meeting.</p> <p>Reasons for the deferral were due to the impact of key staff departures in March 2019 (including the Director Corporate Services) and the resignation of another finance staff member in December 2018. Two of the vacancies within the Finance team were filled by late February. Director position expected to be filled by September 2019. This project requires a stable and established team to ensure its success.</p> <p>This year's audit comes under the auspices of the Auditor General for the first time. While not known for certain, this may present additional challenges not previously encountered in terms of the impact on a small team.</p> <p>Deferral of this project will not affect the capacity to produce financial reports. Council will still receive monthly financial statements and annual report etc. The result (a new COA) will be vastly improved management reporting to assist decision-making and an efficiency gain in terms of the time taken to produce monthly financial reports, budgets and annual financial reports.</p> <p>The delay also provided an opportunity to implement other smaller scale projects /improvements that were delayed pending the finalisation of the Chart of Accounts.</p> <p>The project was re-scheduled to recommence in November 2019, which will allow the new COA to be utilised for the CBP/budgeting process for 20/21 with a "go live" date of 30 June 2021</p>

Natural Environment [Strategic Community Plan(2016-2026)]							
Business Case	Project	Start Date	Due Date	% Of Parent	% Complete	Status	Comments
Weed Control Strategy Review	Weed Control Strategy review	16/07/2018	30/06/2020	100	50	In Progress	Scope revised to focus more on weed control methods due to community concerns about chemical weed control and specifically glyphosate.
Thriving Community [Corporate Business Plan(2013-2023)]							
Business Case	Project	Start Date	Due Date	% Of Parent	% Complete	Status	Comments
Darlington Hall Access Upgrade	Darlington Hall Accessibility Upgrade	3/08/2015	3/08/2018	100	100	Complete	Practical completion for building works achieved on 3 August 2018. Building was immediately available for user groups.
Recreation Plan	Recreation Plan	14/08/2017	9/07/2019	100	95	In Progress	Originally planned to present to Council at the 14 May Council meeting. Report withdrawn to allow Councillors more time to read and consider the report. To be considered at 9 July 2019 Council meeting.

10.2 Select Committee into Local Government - WALGA's draft submission

File Code	OR.IGR 3/1
Author	Stan Kocian, Acting Director Corporate Services
Senior Employee	Jonathan Throssell, Chief Executive Officer
Disclosure of Any Interest	Nil
Attachments	1. WALGA's draft submission to the Select Committee into Local Government ↓

SUMMARY

The Legislative Council of WA has established a Select Committee into Local Government. This Committee, which has broad terms of reference, has called for submissions.

The purpose of this report is for Council to consider the Western Australian Local Government Association's (WALGA) draft submission on behalf of the sector.

BACKGROUND

The Legislative Council passed a motion to establish a Select Committee into Local Government. The terms of reference of the Committee are:

The Select Committee is to inquire into how well the system of Local Government is functioning in Western Australia, with particular reference to —

(a) whether the Local Government Act 1995 and related legislation is generally suitable in its scope, construction and application;

(b) the scope of activities of Local Governments;

(c) the role of the Department of State administering the Local Government Act 1995 and related legislation;

(d) the role of Elected Members and Chief Executive Officers/employees and whether these are clearly defined, delineated, understood and accepted;

(e) the funding and financial management of Local Governments; and

(f) any other related matters the Select Committee identifies as worthy of examination and Report.

The Select Committee has advised that submissions are being called and close on 23 August 2019.

WALGA has requested an extension for the sector until 13 September 2019, the Select Committee has advised that they will consider the request when they meet on 5 August 2019.

STATUTORY / LEGAL IMPLICATIONS

The findings and recommendations of the Select Committee into Local Government may have the potential to impact the *Local Government Act 1995* (the Act) and associated regulations at some point in the future.

Action / Strategy		
Council considers WALGA's draft submission and provides its feedback to WALGA.		

EXTERNAL CONSULTATION

Nil

COMMENT

It is important to make the distinction between the Select Committee process and the Local Government Act Review process. These are two distinct and unrelated processes. The Minister for Local Government is continuing with phase two of the Act review process which is working towards the development of a new Local Government Act. The Select Committee process, which may or may not have implications on the Act, is in the context of the committee's broad terms of reference.

WALGA have prepared a draft Submission for sector input and also for Local Governments to use as a basis for their own submissions. WALGA have requested feedback on their draft submission, which was released 29 July 2019, by 13 August 2019. WALGA will review the feedback from the sector and finalise an interim submission to be considered by State Council's Executive Committee by the due date of 23 August.

WALGA's draft submission considers and provides viewpoints on the following matters:

- Legislation;
- Scope and Activities of Local Government;
- Department of Local Government;
- Roles of Elected Members and Chief Executive Officers
- Funding and Financial Management; and
- Other related matters including Transparency and Accountability, State Local Government Partnership Agreement and the State Industrial Relations Review.

Given the short timeframe of the submission period there has not been an opportunity to workshop WALGA's draft submission with Council. The timeframes have also not allowed an opportunity for Council to workshop its own submission. The matters raised by WALGA in its draft submission are considered to be sensible and relevant positions, and are also in the context of the terms of reference of the Select Committee into Local Government.

In considering WALGA's draft submission if Council were to agree with all of the views put forward by WALGA, Council can elect to endorse the draft submission "as is". Alternatively should Council's position differ to WALGA's position on particular matters, Council can elect to endorse the draft submission and note Council's alternative view on the particular matters as exceptions, and provide this feedback to WALGA.

Furthermore Council can also elect to resolve to make its own submission on behalf of the Shire of Mundaring. In terms of the practicality of developing a submission within the given timeframe, it's recommended that any standalone Council submission would be based on the position Council adopts on WALGA's draft submission and could also include and reinforce Council's previously adopted submission for the Local Government Act Review (adopted by Council 13 February 2018)

VOTING REQUIREMENT

Simple Majority

RECOMMENDATION

That Council endorses the Western Australia Local Government Association's (WALGA) draft submission to the Select Committee into Local Government.

About WALGA

The WA Local Government Association (WALGA) is working for Local Government in Western Australia. As the peak industry body, WALGA advocates on behalf of 138 Western Australian Local Governments. As the united voice of Local Government in Western Australia, WALGA is an independent, membership-based organization representing and supporting the work and interests of Local Governments in Western Australia. WALGA provides an essential voice for 1,222 Elected Members, approximately 22,000 Local Government employees (16,500 Full Time Equivalent's) as well as over 2.5 million constituents of Local Governments in Western Australia.

Introduction

Local Governments play a key role in the Australian Federation. Local Governments in Western Australia provide democratic representation and a range of services to their respective communities which span the length and breadth of the state.

Local Governments, in one form or another, have existed in Western Australia since the arrival of settlers from Britain in the nineteenth century. The first piece of legislation to weave the fabric of today's Local Government sector was the *Towns Improvement Act of 1838*.¹ Today, Local Government is constituted and primarily regulated by the *Local Government Act 1995* but there are many other legislative instruments which impact the way Local Governments operate in their diverse array of activities.

Local Governments are a key democratic institution in Western Australia's local communities. Councils have well-established relationships with the communities they serve and represent, local businesses and organisations as well as other spheres of government.²

Services provided by the 139 Local Governments in Western Australia include the traditional roads and waste collection but also now extend to recreation, medical services and other human services.³ Often, Local Governments taking on new or expanded roles in service delivery or advocacy is as a result of gaps left by other spheres of Government reducing their service delivery, or due to community pressure for Local Governments to step into a particular space.

All Local Governments throughout Western Australia continually strive to provide the highest quality services within the constraints of Local Government revenue streams, Australia's vertical fiscal imbalance and ongoing cost-shifting from other spheres of Government, all of which are well documented by the 2003 Hawker Report⁴ and many reports on Local Government finances before and since.⁵

Local Government in Western Australia, with a presence in every community in the state represents a significant component of the State's economy. Local Government is the steward of public assets of \$48 billion, including responsibility for more than 88 percent of the public road network, employs a workforce of 22,000 people (16,500 FTEs) and spends \$4.1 billion per year.⁶

⁶ WALGA (2019a)

Trust in Government

The 2019 Edelman Trust Barometer, the pre-eminent study of peoples' trust in institutions around the world found, that:

- Trust in Government remains low in Australia with people generally 'distrusting' of Government, and,
- Only a minority in western democracies believe "the system is working for me".⁷

This lack of trust in democracy and in institutions has a real impact. A lack of trust in the system leads to increased fear and increased fear erodes trust and negatively affects our collective wellbeing.

This places Local Government in a very important position and creates significant opportunities for Local Government as a legitimate and connected sphere of Government.

As trust in Government and institutions declines to an all-time low, there is a small slice of good news for Local Government. The 2014 Griffith University Constitutional Values Survey found that, of our three spheres of Government, Local Government is the most trusted.⁸

Specifically, in Western Australia, while 69.8 percent of respondents trust Local Government to do a good job in carrying out its responsibilities, 63.2 percent of respondents trust the State to do a good job and only 56.9 percent trust the Federal Government to do a good job with its responsibilities.

With global uncertainty, and the erosion of trust in government, many people are looking for community, connection and stability. The challenge being embraced by Local Governments across Western Australia is to enable and facilitate this community connection.

This Select Committee presents a tremendous opportunity to further build trust in Local Government as a legitimate and democratically mandated sphere of government. This can be achieved by highlighting the achievements of Local Government.

It would be a real shame, and an opportunity lost, if this Parliamentary Inquiry is hijacked by those with an axe to grind using the committee process to air their often unfounded or unsubstantiated grievances. Instead, this Inquiry has a tremendous opportunity to highlight the achievements of Local Government in building cohesive and resilient communities.

To that end, WALGA would like to pay tribute to Western Australia's 1,222 Elected Members who have been willing to step up and take a leadership role in their communities, often in a challenging political role in the public realm. Unfortunately, Local Government has recently

⁷ Edelman (2019)

⁸ Griffith University (2014)

attracted uninformed criticism from a small number of noisy individuals who seem to have an axe to grind.

WALGA would like to remind the Committee that it's not the critics, comfortable in their cheap seats behind anonymous social media pages who matter, it's the men and women who put themselves forward to take a leadership position in their community.

As Theodore Roosevelt famously said:

"It is not the critic who counts; not the man who points out how the strong man stumbles, or where the doer of deeds could have done them better. The credit belongs to the man who is actually in the arena, whose face is marred by dust and sweat and blood; who strives valiantly... who at the best knows in the end the triumph of high achievement, and who at the worst, if he fails, at least fails while daring greatly."⁹

That's not to assert that the Local Government sector in Western Australia is perfect; of course there is room for improvement and Local Governments welcome opportunities to improve their efficiency, effectiveness and their engagement with their communities.

Local Government has embraced a range of recent initiatives to improve their efficiency, effectiveness and engagement with their communities. For instance, the Integrated Planning and Reporting Framework was introduced into Western Australia at the behest of the Local Government sector who saw the opportunity for a more integrated and strategic approach to community, financial and business planning.

Performance audits, undertaken by the Auditor General, have also been welcomed by the Local Government sector. Performance audit participants have welcomed the opportunity to have their systems and processes critically examined by an external agency, and the learnings from the performance audits have been widely shared across the sector.

The increasing prevalence of deliberative democracy techniques, such as participatory budgeting, further demonstrates the desire and willingness of Local Governments to meaningfully engage with their communities.

It is WALGA's and the Local Government sector's expectation that the Committee will take the time to consider the full range of positive examples of Local Governments continual drive to deliver services efficiently, be an effective steward of community infrastructure, and

⁹ Brown (2019)

engage meaningfully with citizens as a key component of Western Australia's vibrant democracy.

Local Government Collaboration

Local Governments, while democratically representing their communities, strive to deliver services effectively and efficiently. One way Local Governments aim to improve their service provision is by collaborating with other Local Governments in partnerships, as members of Regional Local Governments, or as members of voluntary collaborative groups.

Collaboration in Local Government has a number of drivers. A key driver for Local Governments to work together to achieve community outcomes is to strive for better, more strategic, and regionally appropriate outcomes. When Local Governments collaborate to, for example, develop aged housing facilities, or promote regional tourism, they are collaborating because together they can drive better outcomes than they could as one Local Government undertaking a task more suited to a regional scale.

Local Government collaboration is also driven by necessity. In many cases, Local Governments collaborate because the service is more efficiently provided at a regional level. For example, in metropolitan Perth, Local Governments are members of Regional Local Governments to collaboratively provide waste services at an appropriate scale and level of service.

It is important to note that Local Governments also actively seek to work collaboratively with Government agencies, industry, local business and civil society in delivery community outcomes. Across regional WA, Local Governments work closely with Regional Development Commissions and regional offices of the Commonwealth's Regional Development Australia (RDA) network to undertake regional planning, develop regional projects and leverage State and Federal funding.

WALGA recently produced a "Cooperation & Shared Services" document that provides demonstrations of the collaboration currently being undertaken in the sector.

The document can be found here: [Cooperation & Shared Services document](#) and is also attached as Addendum 1.

Legislation

a) Whether the Local Government Act 1995 and related legislation is generally suitable in scope, construction and application

The legislative framework governing Local Government is generally appropriate and the underpinning principle of 'general competence' is strongly supported by the Local Government sector.

However, additions and amendments since the current Local Government Act was introduced over 20 years ago have created a layered, spaghetti-like regulatory regime that needs to be untangled and simplified. Similarly, practice and procedures have changed since the current Act's introduction and, as a result, the legislative framework requires modernisation.

For these reasons, the Local Government sector has strongly supported the State Government's goal to undertake a full Review of the *Local Government Act 1995* and the associated regulations.

Local Government Act Review

WALGA has been a strong supporter of the current Review of the Local Government Act and has supported the Government's intent to streamline and modernise the legislative framework.

WALGA put forward a comprehensive submission to Government that was the culmination of a signification consultation and engagement process, and the collection of policy and advocacy positions developed over many years.

The Local Government sector participated in a comprehensive process leading up to the adoption of the advocacy positions, as detailed below:

WALGA partnered with the Department of Local Government, Sport and Cultural Industries to deliver facilitated workshops across all WALGA Zones, held throughout October and November 2018. Approximately 500 Elected Members and senior administrators attended 19 workshops held in each of the 17 WALGA Zones.

WALGA, LG Professionals and the Department of Local Government, Sport and Cultural Industries partnered to host the Future of Local Government Forum, which was held at Curtin University on Wednesday, 30 January 2019 and was attended by 230 participants.

A total of 73 member Local Governments provided responses to the WALGA consultation process, either through an individual response or a Zone/regional group response. 42

individual Local Governments responded with additional collective responses from three WALGA Zones representing a further 31 member Local Governments.

The WALGA State Council, consisting of 25 representatives from across the State, in adopting advocacy positions in March 2019 endorsed the positions unanimously. This demonstrates the veracity of the consultation process. In addition, the Department of Local Government, Sport and Cultural Industries received over 3,000 submissions from the community, Local Governments and stakeholder bodies.

Key Principles

State Council, in finalising WALGA's submission to the Local Government Act Review process, endorsed the following key principles as fundamental drivers of future Local Government legislation.¹⁰

1. Retain General Competence Powers.

The Local Government Act is founded on the general competence powers principle, which gives Local Governments the legal capacity to do anything that is not prohibited by law. This principle is uniformly supported by the Local Government sector and that it should not be diluted by over-regulating the operations of Local Government.

2. Provide Flexible, Principles-based Legislative Framework.

The Local Government Act works well when Local Governments apply their general competence powers within a legislative framework that provides for good governance, with accountability to the community for decision-making. The Local Government sector seeks a light-touch regulatory approach accompanied by best practice guidance, support and assistance.

There is concern that, without adequate care and sector input, the new Local Government Act will be overly prescriptive and mistakes of the past will be repeated. Prescriptive compliance regimes do not typically drive innovation or organisational performance; instead boxes are ticked and processes to comply are implemented leading to inefficiencies and distractions.

The Local Government Act should focus on principles and objectives, not on process. As an example, Local Governments in 2016 were given the ability to establish Regional Subsidiaries. A key feature of the model is to enable Local Governments to establish a subsidiary that is fit-for-purpose by adapting the governing charter to the subsidiary's purpose and structure. Instead, the regulations are prescriptive and a number of Local Governments have considered the model and opted not to pursue it. Best practice, guidance material and

¹⁰ WALGA (2019b)

smart people working together to solve problems drive innovation; prescriptive regulation drives compliance for the sake of compliance.

To focus on the process and not the principles and objectives risks embedding today's practice into legislation instead of allowing Local Governments the flexibility to innovate and adapt to new methods and new technologies. Not everything a Local Government should do needs to be legislated. Ultimately, Councils are considered to be generally competent and are accountable to the community through democratic elections held every two years.

3. Size and Scale Compliance Regime

There is a marked appetite in the response to the Facilitated Workshops, Detailed Discussion Papers and Future of Local Government Statewide Forum for differentiation between Local Governments based on size and scale.

4. Promote enabling legislation that empowers Local Government to carry out activities beneficial to its community taking into consideration the Local Government's role in creating a sustainable and resilient community through:

- i. **Economic development;**
- ii. **Environmental protection; and,**
- iii. **Social advancement.**

The need to provide enabling legislation with a 'menu of opportunities' for the sector. The State Government needs to set legislation that enables Local Governments to carry out activities, even though all Local Governments may not want to carry the activity; those that wish to, should be permitted to. A good example of this is the proposed introduction of beneficial enterprises.

5. Avoid Red Tape and de-clutter the extensive regulatory regime that underpins the Local Government Act.

WALGA has called for the de-cluttering of the extensive regulatory regime that underpins the Local Government Act. The Act Review provides a timely reminder that the legislative burden on Local Government is vast and burdensome; the Local Government Act itself runs to over 500 pages and the 9 associated Regulations combine to approximately 400 additional pages. It would not be unfair or unkind to observe that few within each Local Government's administration, and fewer Elected Members, would grasp the level of detail contained throughout the Act and Regulations, creating of its own accord a compliance burden.

This scale of legislation represents a considerable challenge to the delivery of effective and efficient governance. WALGA echoes the sentiments of Dr David Cox, Chair of the Law Reform Commission of Western Australia, who stated at the Local Government Act Forum in January 2019:

"Consideration in drafting (the new Act) is to think about who you are drafting it for? Consider who has to read it and write it for normal people – not law graduates. People want to know what's governing them and they need to understand it."¹¹

6. The State Government must not assign legislative responsibilities to Local Governments unless there is provision for resources required to fulfil the responsibilities.

The State Government should not impose responsibilities to Local Governments without adequate resourcing. This principle is contained within the British Columbia Community Charter¹² and is supported by the Local Government sector.

Key Policy Positions

The following key policy positions are considered very important to the sector;

Rates, Fees and Charges

Rating Exemptions

- Rating Exemptions - Request that a broad review be conducted into the justification and fairness of all rating exemption categories, Sector Revenue foregone 2017/18 - \$45.6m;
- Local Government Act should eliminate exemptions for commercial (non-charitable) business activities of charitable organisations;
- Support for exemptions of genuine Charitable activities that qualify under the Commonwealth Aged Care Act 1997;
- Eliminate exemptions for Government Trading Enterprises;
- Support for the principle that all users of Local Government services should make a contribution to these services.

Rating Restrictions – State Agreement Acts

- Resource projects covered by State Agreement Acts should be liable for Local Government rates.

Imposition of Fees and Charges: Section 6.16

- That a review be undertaken to remove fees and charges from legislation and Councils be empowered to set fees and charges for Local Government services.

¹¹ Cox, D. (2019)

¹² British Columbia (2019)

No Rate Capping

The Local Government sector opposes rate capping or any externally imposed limit on Local Government's capacity to raise revenue as appropriately determined by the Council.

Beneficial Enterprises

The *Local Government Act 1995* should be amended to enable all Local Governments to establish Beneficial Enterprises (formerly known as Council Controlled Organisations).

Beneficial Enterprises are:

- Arm's length entities to deliver projects and services required by the community;
- Vehicle for greater efficiency and improved partnering practices for Local Government;
- Provide services & facilities that are not attractive to private investors;
- Cannot carry out any regulatory function of a Local Government;
- Skills Based Board – Alternate governance model;
- Not about outsourcing essential services.

Building Upgrade Finance

That WALGA advocate for amendments to the Local Government Act that enable a Building Upgrade Finance mechanism in Western Australia.

The Building Upgrade Finance position is advocating for reforms to Western Australian legislation that would enable local governments to guarantee finance for building upgrades for non-residential property owners. In addition to building upgrades to achieve environmental outcomes, advocates have identified an opportunity to use this approach to finance general upgrades to increase the commercial appeal of buildings for potential tenants. In this way, Building Upgrade Finance is viewed as means to encourage economic investment to meet the challenges of a soft commercial lease market in Perth and achieve economic growth.

Community Engagement Policy

That the Local Government Act 1995 include a requirement for Local Governments to adopt a Community Engagement Policy, with each Local Government to determine how to implement community engagement strategies.

Additional Policy Positions

A complete schedule of the Local Government sectors adopted policy positions, grouped according to the Government's three themes of agile, smart and inclusive, relating to specific

elements of the Local Government legislative regime were included in WALGA's submission to the Review of the Local Government Act which can be found [here](#) and is also attached as Addendum 2.

DRAFT

Scope of Activities of Local Government

b) The scope of activities of local governments

Local Government is an important sphere of Government that undertakes functions most appropriately implemented at the local level. As the sphere of Government closest to the people, Local Government affects the daily lives of all people and businesses and is well-positioned to have unique insight into the needs and aspirations of their communities.¹³

Across Western Australia, there is significant diversity in the range of functions and services that are provided by Local Government.

While there is some diversity of function across Local Governments in Western Australia, all Local Governments undertake a number of regulatory functions such as authorisation of planning and building developments, waste management, administration of food safety laws, regulation of companion animals, and provision of local roads. Most Local Governments provide social services as well, including provision of recreation and community facilities, economic development promotion and community festivals and events.

Local Governments in Western Australia manage a vast road network, of approximately 127,500km, and significant other built assets. On behalf of the community, Local Governments are responsible for nearly \$14 billion of built assets (excluding transport assets). These primarily comprise recreation facilities, including ovals and pitches for a wide range of sports, swimming pools, tennis courts, and gymnasiums, libraries, arts and other community centres. Local Governments with coastal or river frontage provide and maintain recreational boat launching facilities and associated infrastructure.

Some of the diversity of functions and services is driven by financial capacity. For instance, small, remote Local Governments do not have the financial resources to provide the community recreation services that a large metropolitan Local Government provides.

Diversity of functions can also be driven by community demand. For instance, Local Governments in country Western Australia deliver services, such as health services, that would otherwise be provided by the market or the State Government in metropolitan Perth. Local Governments in non-metropolitan regions also often provide housing and other incentives to attract and retain health and other professionals.

Evolution of Local Government's role to encompass human, social and community services is in response to the dynamics on the ground, including the withdrawal of services from other spheres of Government or in response to the democratic aspirations of the community.

¹³ Productivity Commission (2017)

The retreat from service provision from the State Government often means that Local Government, at the behest of the community through the democratically elected Council, will step up to fill the gaps. For example, a number of Local Governments provide security services in their suburbs and communities. Often this sort of service eventuates due to the demands of citizens for a safer community. Similarly, a number of Local Governments are actively becoming involved in seeking to address homelessness in their communities. While the State Government's Department of Communities is the lead agency responsible for addressing homelessness, Local Governments often play a role in coordinating agencies and not-for-profit service providers, again filling a gap in service provision from another sphere of Government.

Waste Management and Resource Recovery

The Local Government sector provides contemporary waste management (and often resource recovery) services as an essential service to their communities in order to maintain public health standards and minimise the environmental impact of municipal solid waste, with the *Waste Avoidance and Resource Recovery Act 2007*, the *Health Act 1911* and the *Local Government Act 1995* providing the primary heads of power. Resource recovery operations are subject to international commodity price fluctuations, foreign environmental import standards and contamination rates that impact the quality of the commodities recovered. Importantly, recycling also generates three-to-one employment opportunities compared to traditional landfill.

The 2016-17 Census of Local Government Waste and Recycling Services found that Local Governments in Western Australia spent \$295 million in collecting 1.5 million tonnes of domestic waste in 2016-17.¹⁴ 16 Local Governments reported investing in new waste and recycling infrastructure and/or initiatives in 2016-17.

These investments included:

- New or upgraded transfer stations (completed or commenced construction) in the shires of Dardanup, Harvey, Moora, Cuballing and the City of Busselton;
- A new landfill cell in the Shire of Augusta-Margaret River;
- The installation of a landfill weighbridge in the Shire of Broome;
- A new regional waste facility in the Shire of Ravensthorpe;
- A new green waste kerbside collection service in the City of Subiaco; and,
- The introduction of a fortnightly kerbside recycling service in the City of Karratha and the Shire of Coorow.

36 Local Governments reported recycling their own construction and demolition waste and 73 Local Governments reported recycling green waste from their own operations, and a

¹⁴ Waste Authority (2018a)

number of metropolitan Local Governments are investing in waste to energy solutions for residual waste. 52 Local Governments and regional councils reported spending a total of approximately \$3 million in waste and recycling education programs in 2016–17. About half (52 per cent) was expended by regional councils.

All of this innovation is being achieved with minimal strategic planning or financial support from State or Commonwealth Governments. The new State Waste Strategy is uncosted and unfunded. It is important to note that in 2017, the Waste Avoidance and Resource Recovery Levy generated approximately \$76m in receipts, of which 75 percent went to consolidated revenue, with the Minister for Environment approving the allocation of just \$19 million to the WARR Account.¹⁵ Of the \$19m, approximately half went to underwriting the waste branch of the Department of Water and Environmental Regulation, leaving approximately \$8.5m for strategic waste initiatives.

Local Government contends that there are a number of improvements that would assist in delivering more efficient and effective outcomes – including meeting the targets of the State Waste Strategy – primarily through hypothecating all funds collected from the Waste Avoidance and Resource Recovery Levy into strategic waste management activities (as identified in the State Waste Strategy and Action Plan). Strategic investments could then include 50:50 funding for FOGO (3 bin) infrastructure, state-wide and regional waste infrastructure plans to direct future public and private investments, the State Government mandating sustainable procurement policies across all departments and agencies, and matching funding for Local Government regional landfill upgrades. A State/Local Government Partnership Agreement on Waste Management and Resource Recovery would provide the required governance framework to achieve this.

Roads, Bridges, Paths and Drains

Local Governments are responsible for 127,500km of roads in Western Australia, which represents 88 percent of the public road network.

With just 10.5 percent of the national population, Western Australian Local Governments are responsible for 19.4 percent of the Local Government road length. This equates to 49.4km of road per person, which is nearly double the National average of 26.8km of Local Government road per person. For comparison, NSW Local Governments are responsible for just 18.6km of roads per person. This reflects both the extensive nature of the road network in WA and the responsibility of Local Government in Western Australia for all but the highest order roads (primarily freeways and highways). This has clear ramifications for the capacity to fund road maintenance and renewal. This issue is discussed further in the section relating to Local Government funding.

¹⁵ Waste Authority (2018)

To support active transport (walking, cycling) Local Governments provide and maintain more than 15,800km of sealed walking and cycling paths and an additional 715km of gravel paths.

There are 894 bridges managed by Local Governments across Western Australia.

Effective drainage is critical but typically unseen infrastructure provided and maintained by Local Governments to avoid damage to public and private infrastructure from inundation.

With an estimated replacement value of \$27.18 billion at June 2018, the roads, paths, bridges and drains are one of the most valuable State assets in a financial sense as well as underpinning the connectivity of communities and industries.

Local Governments spent \$982 million on roads, bridges and paths during 2017/18. Nearly half of this expenditure is funded by Councils from rates and other revenues. The balance is funded by the Federal Government (22 percent) and the State Government (28 percent).

Local Governments are also seeking to innovate in the construction of roads and paths with many utilising recycled material.

Transport Planning

Almost every journey involves the road and path network under the control of Local Governments. Consequently, Local Governments are actively involved in transport planning to ensure that community and industry expectations for access and safety are delivered. This activity assists to address key issues of congestion, particularly around activity centres, parking and integration between modes, particularly public transport.

In industrial, rural and regional areas, freight movements are an important consideration as efficient movement of freight underpins the economic growth of these areas.

In the five years to 2017, 50.4 percent of those killed and 59 percent of those seriously injured in road crashes were on roads under the control of Local Governments. Identifying high risk locations, suitable treatments to ameliorate the risks and sourcing funding for these projects is an important Local Government function.

Provision of transport related services and infrastructure accounts for nearly 30 percent of total Local Government expenditure.¹⁶

Local Governments are innovating in their transport planning responsibilities as much as possible. For instance, Local Governments are utilising data from mobile phones and vehicle navigation systems to inform transport planning, using drones and other remote sensing

¹⁶ Western Australian Local Government Grants Commission (2018)

technology to improve efficiency and reduce risks, and building and providing charging infrastructure for electric vehicles.

Town Planning

Local Governments' town planning function aims to maintain and improve the wellbeing of local communities. Local Government has been involved in planning for its local communities since the *Town Planning and Development Act 1928* took effect in 1929. This Act provided for planning and development control to be achieved primarily through 'town planning schemes' prepared by local governments and approved by the Minister. Over the years, the level of detail and content of local planning schemes has evolved, guided by State Government requirements to address numerous state-wide planning issues and concerns at a local level to ensure the consideration of local perspectives and preservation of community values. Each Local Planning Scheme has been endorsed by the State Planning Agency (of the day) and has been granted formal approval by the Planning Minister to guide development in the local area.

Western Australian Local Governments are providing effective planning frameworks for the consideration of planning matters within their jurisdictions. Confirmation of this effectiveness was affirmed in a recent review of the planning and development performance of 19 Local Governments. These Local Governments encompass 90 percent of the total population of the Greater Perth region and 84.5 percent of the region's population growth between 2016 and 2017. The project provided an excellent representation of how the sector is achieving its strategic and statutory planning functions and meeting statutory timeframes of the planning and building approvals processes.

Key findings from this detailed review include:

- 99 percent of all building applications were approved by Local Governments within statutory timeframes.
- 98 percent of all planning applications were approved or responded to within the statutory timeframes. Planning applications include all development applications, subdivision referrals and clearances, building strata clearances (Form 26s) and building permits.
- 97 percent of applications were approved under delegated authority, allowing Council officers to assess and approve the application rather than being considered at a full Council meeting.
- Of the total time taken to process a scheme amendment, on average 40 percent is spent with the WA Planning Commission, Minister for Planning or the Environmental Protection Authority.
- On average each Local Government has seven strategic planning documents which support land use planning functions, including: Strategic Community Planning, Community infrastructure, Commercial, Housing, Environment, Economic, Transport,

Activity Centres, Heritage and an Public Open Space. This demonstrates that Local Governments consider a complex array of planning matters when assessing planning applications, yet still meet statutory timeframe requirements.

There are a number of improvements that would assist the Local Government sector in fulfilling its planning responsibilities, including:

- Release of the Government's response to the Independent Planning Reforms 'Green Paper', which aims to streamline the WA planning framework and clarify roles and responsibilities;
- Resourcing the Department of Planning Lands and Heritage to assist in the implementation of the proposed Planning Reform measures that will be outlined in the response to the 'Green Paper';
- Review of the State Government Planning framework, given the large number of policies, guidelines, manuals and position statements to which Local Government must refer;
- Review of the Local Planning Strategy process given the massive amount of information expected to be included in the document, as outlined in the Local Planning Manual. The review should also include the connection to the State's Integrated Planning Framework and provide scalability of the content for smaller local governments;
- Providing legislated timelines for all referral agencies to provide advice on both strategic and statutory proposals;
- Timeframes for State Planning Policy review processes, as some 'reviews' have been underway for numerous years which affect a Local Government's ability to incorporate this proposed information into their local planning framework; and
- A review of the Planning Fees and Charges, which have been frozen since 2013.

Other issues being faced by the sector which inhibit its capacity to fulfil its planning responsibilities include:

- The dichotomy between the current focus on the standardisation of all Local Governments' local planning controls and the clear role of a Local Planning Scheme in upholding the specific local character and objectives of an area;
- A lack of a full cost benefit analysis of Development Assessment Panels (DAPs), to determine the effectiveness of the system, and what is an appropriate level of DAP involvement within the WA Planning system;
- Planning for waste in the peri-urban areas in a strategic manner, rather than each Local Government having to consider applications in an ad hoc manner;
- Lack of clarity and assistance in resolving financial and liability concerns in coastal planning implementation after completing a coastal hazard risk management plan;
- Different requirements and expectations of the various State Agencies in the implementation of Bush Fire Planning mechanisms; and

- Lack of coordinated state-wide planning for the provision of Regional Open Space. Local Governments are collaborating to try and achieve this outcome.¹⁷ Also compounded by the spending of the funds within Metropolitan Region Improvement Fund in order to progress regional open space and other regional infrastructure items, to ensure that the regions continue to grow.

Building

Local Government has been involved in building control for its local communities since the 1960s, providing for the health and safety of its residents through the assessment and issuing of building licences and monitoring of the licence conditions. A major change in the Building functions occurred in 2012, with the private sector able to be more involved in the process, in regards to the private certification of Building Permit Applications.

Local Governments are Permit Authorities under the *Building Act 2011*. Building Permits are issued by Local Government for any building work for which a building permit application is required pursuant to the *Building Act 2011* (Part 5) and the *Building Regulations 2012* and are assessed using the National Construction Codes, *Building Act 2011* and *Building Regulations 2012*, relevant Australian Standards, Local Laws and other relevant legislation.

A recent Office of Auditor General report found that the Local Government entities reviewed in the audit were properly assessing permit applications against requirements in the *Building Act 2011* and issuing most building permits within the legislated timeframes. Combined with the statistics from the recent Performance Monitoring project – specifically that 99 percent of all Building Applications were approved within the statutory timeframes – the sector is effectively performing its building permit function.

There are a number of improvements that could assist the Local Government sector in fulfilling its Building responsibilities including:

- A review of the operation of the *Building Act 2011* and associated regulations, and the improvements that the Local Government sector requires, in order to effectively administer the Act; specifically on the following topics:
 - clarity of information required to be submitted to Local Government;
 - mandatory inspections, including when and how they are undertaken;
 - time frames and fees;
 - amended plans process;
 - difficulties in building in bush fire prone areas;
 - appropriate infringements;
 - ongoing training and training of swimming pool inspectors;

¹⁷ See www.gapp.org.au/

- registration of technical specialists;
 - role of the Department of Fire and Emergency Services; and
 - Clarity on the other prescribed approvals that are required.
- A review of the fees and charges to ensure cost recovery is able to be achieved for the entire building process, not just the Building Permit assessment process.

Other issues being faced by the sector which inhibit its capacity to fulfil its building responsibilities include:

- The constant Industry pressure to introduce a full private certification model as occurs in the Eastern States, without the acknowledgement that a full regime of inspections would also need to be included to protect the consumer;
- Resources within a Local Government to provide a service, as the fees currently only pay for a portion of the Building Permit issuing function;
- Lack of workforce planning, encouraging more people to enter into a Building Surveying function in Local Government. The funds from the Construction Training Levy Fund does not include Local Government building surveyor trainees; and
- Lack of clarity and advice from the Building Commission on the operation of the Building Act. Some Local Governments spend significant time and resources obtaining advice from other Local Governments or from legal experts, in order to effectively implement the Act.

Emergency Management

Emergency Management is a relatively new Local Government responsibility. The roles assigned to Local Governments under the *Bushfires Act 1954* could be considered a traditional role of Local Government, as have been in place since 1954 and currently affect approximately 120 Local Governments. The *Bushfires Act* is primarily related to the management of bushfire brigades, enforcement of bushfire preparation and enforcement measures for non-compliance.

The *Emergency Management Act 2005* prescribed further responsibilities to Local Governments including requirements to:

- Undertake Emergency Risk Management assessments;
- Establish and chair a Local Emergency Management Committee;
- Develop and maintain local emergency management arrangements;
- Manage Recovery following an emergency; and,
- Appoint a Local Recovery Coordinator.

Furthermore in 2015, Bushfire Risk Management Planning was enshrined in State Emergency Management Policy (SEMP 2.9, Management of Emergency Risks). This policy

identifies AS/NZS ISO 3100:2009 Risk Management – Principles and Guidelines as the standard for emergency risk management in Western Australia. Schedule 3 of this policy identifies Local Governments with high or extreme level of bushfire risk require a specific plan. Local Governments named in the schedule are required to develop an integrated plan with participation from other agencies and landowners, and are named as the custodians of the plan for ongoing review. As this program matures, Local Governments are now facing the implications of undertaking works to mitigate the identified risks. The State is yet to embed mitigation policy and funding mechanisms into the State framework.

Since 2017, the Local Government sector has been adapting to the responsibilities outlined in Australia's strategy for protecting crowded places from terrorism. The Strategy has introduced the concept of 'shared responsibility' to counter terrorism which has not featured as strongly within the existing counter terrorism arrangements in Western Australia.

This has posed many challenges to Local Governments as outlined most recently in the Community Development and Justice Standing Committee Inquiry into crowded places. In brief, the sector is currently grappling with the implementation of the Strategy including:

- The strategy is not linked to any legislation or policy framework within WA and is therefore not mandatory;
- With no identified standards for compliance, there is a lack of clarity on the role of Local Governments as an owner operator and / or as the approver of events,
- The strategy lacks coordination across government with many State Government agencies acting independently on their own interpretation of their responsibilities,
- A risk management based approach to event approvals and consideration of mitigation measures is the preferred approach by Local Governments,
- There has been no funding provided to assist and support Local Governments to undertaken these responsibilities or in implementing mitigation measures,
- Local Governments are concerned with the implications of these measures on events that are being hosted by community groups. Many Local Governments are challenged by asking these groups to be considering counter terrorism when it is the intention of these groups to be building community connections and wellbeing;
- The costs associated with implementing mitigation measures is cost prohibitive for community groups and Local Governments.

Climate Change

Any objective analysis of how each of the three spheres of government is tackling the issue of climate change would indicate that it is Local Government that is determined not to allow short term politics to impede good long term public policy, and action. No level of government wants to scare its community, but there is a clear duty of care to ensure that decisions made benefit the community in the long term. Whether we like it or not, we are now in a climate emergency.

Across a range of priority areas, from understanding local risks of climate change, to reducing operational energy costs and carbon intensity, to planning for the impacts of coastal erosion and bush fire risk, to driving innovations in water use efficiency, Local Governments are engaging with, listening to, and responding to their communities on climate change. A number of Local Governments have long committed to energy reduction targets for their own operations, to drive innovation and cost savings for their communities.

Local Government has identified a number areas where the State Government can assist:

1. Accelerated action and fast tracked reform to remove regulatory barriers and facilitate the transition to a low carbon, energy efficient economy.

Local Governments are already active in renewable energy and energy efficiency projects, but State level regulations continue to hamper Local Governments from undertaking or supporting a range of high impact cost-effective energy efficiency and renewable energy projects. For example, LED street lighting retrofits and large scale renewable energy projects, including power purchase agreements and community energy projects. Local Governments are also seeking amendments to Regulation 54 of the *Local Government (Financial Management) Regulations 1996* to include 'renewable energy infrastructure' as a prescribed charge. This would allow Local Governments to fund the installation of solar panels on the roof of residents that opt in, and then the resident is able to repay the cost of the panels over 10 years by adding a small amount onto the resident's rates bill. It would provide an economic stimulus to SME's in the solar industry, and address a major barrier to low social-economic households transitioning to a low carbon economy, realising savings on their energy bills, and countering rising electricity prices.

2. A State level emissions reduction target and/or renewable energy target.

Western Australia is the only State or Territory without an emissions reduction target or a renewable energy target. The State Government has previously indicated it considers it the responsibility of the Federal Government to enact any targets, however following the recent Federal election, there is a now a stronger argument to be put for setting a state level target. The Premier recently "warned that States such as WA could go it alone on climate policy unless the Morrison Government comes up with a workable national approach to reducing greenhouse gases and supply certainty to investors".¹⁸

¹⁸ The West Australian (31 May 2019)

3. Planning for climate proof communities (incl. funding for innovative climate change projects).

This priority speaks to the need for State Government and Local Government to work in partnership to build healthy, resilient communities by ensuring that climate change considerations (both mitigation and adaptation) are embedded in Government policies and regulations. A key aspect of this is a State Planning regime that adequately incorporates climate change in planning policies, along with related environmental issues such as urban forestry, biodiversity, water security and emergency management.

4. Comprehensive, effective adaptation planning.

It is recognised that there is planning around coastal adaptation currently occurring, but effective planning needs to take in comprehensive identification of, and response to, the effects of climate change. It also needs to expand out to other effects of climate change such as heat waves and other extreme weather events, bush fire planning and water management.

By way of an existing example, an increasing number of the 44 coastal Local Governments are undertaking Coastal Hazard Risk Management and Adaptation Plans to identify and understand the level of risk on the assets in coastal areas. Through this process, with assistance from the WAPC, Local Governments are able to investigate management and adaptation measures that are appropriate to minimise the identified risks to a more acceptable level. What is not clear, without a State Climate Change Policy, and coastal specific legislation, is how such risks can be addressed in an efficient, effective and equitable manner.

A State/Local Government Partnership Agreement on Climate Change and Sustainability would provide the required governance framework to achieve these outcomes for Local Government on behalf of the people and communities of Western Australia.

Economic Development

The Local Government sector has recognised that Local Government plays a key role in creating sustainable and inclusive economic growth as a way to support local communities and contribute to the Western Australian economy. Attention is now turning to ways to diversify the economy and position WA as a vibrant and innovative place to live, invest and do business. While economic development is typically seen to be the responsibility of State and Federal Governments, the role that Local Governments can and do play in creating economic conditions is often overlooked.

Far from the traditional responsibilities of 'roads rates and rubbish' which necessarily reflected the function of Local Government in its emerging role at the turn of the 19th century,

Local Government is now a legitimate partner with State and Federal Governments in developing local, regional, State and National economies.

The Local Government sector's responsibilities are broad and include a wide range of functions, all of which have an impact on the economic and business environment. The sector is also responsible for overseeing hundreds of local laws which influence the behaviour of businesses and consumers. Local Governments also derive powers from other State legislation and are tasked with implementing a broad range of regulations on behalf of the state, such as the *Planning and Development Act 2005*, the *Building Act 2012* and the *Public Health Act 2016*.

The sector's economic footprint is significant and clearly positions it as a major contributor to the State's economy. In 2016/17 WA Local Governments spent \$4.1 billion on important services for the community, and managed assets worth more than \$48 billion. Local Government raised \$2.2 billion in rates revenue in order to fund community services and collected \$976 million in fees and charges. In terms of its contribution to the State's employment targets, the sector employs 22,000 people (approximately 16,500 FTEs).

Local Governments clearly have an important role in supporting economic activity at a local and regional level through:

- Local leadership in setting a framework that fosters economic development
- Planning for the future
- Providing economic infrastructure such as roads, bridges, public spaces and facilities
- Minimising regulatory and compliance burdens on businesses, in particular the planning system
- Providing for appropriate land for business, industry and residential development
- Undertaking local procurement
- Creating liveable communities
- Marketing and promoting the local area
- Tourism
- Supporting the private sectors' wealth creation
- Building commercial relationships
- Coordinating and collaborating with stakeholders including other levels of government and the business sector
- Advocating to other levels of government
- Seed funding ventures where private sector funding is not available

In response to Local Government's increasing focus on its role in economic development, in 2019 after a sector-wide consultative process, WALGA launched its *'Economic Development*

*Framework for Local Government*¹⁹ and through the review of the Local Government Act, the sector has agreed to imbed economic development as a key role of the Local Government sector.

Airports and Airfields

There are approximately 150 airports and airstrips owned, maintained and operated by Local Governments across regional Western Australia. Of these, 23 Local Government airports serve regular passenger transport (RPT) services. These facilities provide access to essential services, including medical services as well as facilitate industry and tourism across the State. They range in scale from gravel airstrips without services, to Karratha Airport which served 448,000 passengers in the year ending May 2019. The Shire of East Pilbara managed Newman airport served 318,000 passengers in the year to May 2019²⁰ and the City of Kalgoorlie-Boulder managed airport grew passenger numbers by 13.1 percent to 295,000 in the year to May 2019.

Other Services

As can be seen, Local Governments have evolved to be far more than roads, rates and rubbish. This is not empire building. Local Governments are responding to their community's aspirations and expectations.

Other Services include:

- Aged Care
- Child Care
- Parks and Recreation facilities and programs
- Libraries
- Museums
- Community Events
- Lifeguard and Beach control services

Department of Local Government

c) The role of the department of state administering the Local Government Act 1995 and related legislation

WALGA and the Local Government sector have a strong working relationship with the Department of Local Government, Sport and Cultural Industries, which is comprised of committed and dedicated officers and executives.

Notwithstanding, it is WALGA's observation that, over several years, the Department of Local Government has been diminished in its resources and, consequently, its ability to quickly respond to issues in the sector has been compromised. This decline in the Department's capacity over a number of years manifests itself in a number of ways.

Firstly, there is significant benefit in many cases in early interventions in relationship breakdowns, which, if not addressed, can deteriorate into substantial governance issues. An early intervention when there are signs of declining relationships or issues beginning to arise can arrest a downward spiral that may lead to the suspension of the Council, appointment of one or more commissioners and a formal inquiry into a particular Local Government, all of which impart significant cost to public funds, reduce trust in Government generally, and deprive a community of democratic representation while the inquiry is underway.

Secondly, the decline in service from the Department of Local Government to the Local Government sector represents a cost shift from the State to Local Government. WALGA has, over the past ten years, enhanced its governance and advice service offering to Local Governments, in part to fill the gap left by the State.

While WALGA is well placed to provide advice, support and capacity building initiatives for and on behalf of the Local Government sector, as a membership-based organisation without legislative mandate WALGA is not in a position to intervene in the affairs of a Local Government in the same way that the Department of Local Government can intervene with its legislative backing.

As part of WALGA State Council's deliberations relating to the current Review of the *Local Government Act 1995*, State Council adopted the following position relating to the Department of Local Government's role:

- a) *"Support the continuance of the Department of Local Government, Sport and Cultural Industries as a direct service provider of compliance and recommend the Department fund its capacity building role through the utilisation of third party service providers; and,*
- b) *Call on the State Government to ensure there is proper resourcing of the Department of Local Government, Sport and Cultural Industries to conduct timely inquiries and*

interventions when instigated under the provisions of the Local Government Act 1995."²¹

The rationale for the position adopted above was listed as follows:

*"The addition of item (b) is in recognition of the sector's response that intervention strategies proposed in the Local Government Act Review (Phases 1 and 2) are only one part of the challenge to providing an adequate response when a breakdown in good governance occurs. The sector seeks both a just and timely resolution when intervention is needed. For the Department to provide a timely response it must be properly resourced to avoid unnecessary delay in the intervention process. Undue delay in determining an outcome and corrective action is also an undue delay in returning good governance to the community of an affected Local Government."*²²

WALGA does not seek to criticise or impugn the commitment and dedication of officers or executives of the Department of Local Government; the issues are systemic and relate to the broader State Government's commitment to appropriately funding the Department to fulfil its capacity building, regulatory, compliance and early intervention mandate.

Other Related Legislation

In addition to the requirement to administer the Local Government Act, Local Governments are directly affected by other state legislation such as the following:

- Aboriginal Heritage Act
- Agriculture and Related Resources Protection Act
- Animal Welfare Act
- Aquatic Resources Management Act
- Auditor General Act
- Biosecurity & Agricultural Management Act
- Biodiversity Conservation Act
- Building Act
- Building and Construction Industry Training Fund and Levy Collection Act
- Building Service (Complaint Resolution and Administration) Act
- Bush Fires Act
- Caravan Parks & Camping Grounds Act
- Cat Act
- Cemetery Act
- Child Care Services Act

- Waterways Conservation Act
- Workers Compensation and Injury Management Act

The above list relates to State legislation. There is a myriad of Commonwealth legislation that also applies to Local Government.

Roles of Elected Members and Chief Executive Officers

d) The role of elected members and chief executive officers / employees and whether these are clearly defined, understood and accepted

The *Local Government Act 1995* clearly defines the role of a Councillor:

A councillor —

- (a) represents the interests of electors, ratepayers and residents of the district; and*
- (b) provides leadership and guidance to the community in the district; and*
- (c) facilitates communication between the community and the council; and*
- (d) participates in the local government's decision-making processes at council and committee meetings; and*
- (e) performs such other functions as are given to a councillor by this Act or any other written law.*

The role of the Council is generally considered to be strategic in nature, with the Council employing a Chief Executive Officer to manage the day-to-day operations of the Local Government in accordance with the Council's strategic direction.

The role of a Councillor is challenging. Councillors are responsible for overseeing a complex business – that provides a broad range of functions, manages significant public assets, and employs in some cases hundreds of staff – all in a political and publicly accountable environment.

Councillor vs Council

It is also important to acknowledge, contrary to some community understanding, individual Councillors, including the Mayor or President, have little power as individuals. The power and authority of a Councillor only exists as a member of a Council making formal decisions at a legally constituted Council meeting.

The then Department of Local Government and Communities, in guidance for prospective candidates in advance of the 2017 Local Government elections are absolutely clear on this point. The Fact Sheet states:

"Generally, local government council members, who include the mayor, president and councillors, do not have any authority to act or make decisions as individuals. They

*are members of an elected body that makes decisions on behalf of a local government through a formal meeting process.*²³

This may be contrary to community expectations, particularly in relation to the Mayor or President, elected on a mandate to make certain changes or to fulfil certain commitments, which may not be achievable due to the wishes of the Council as a collective.

In Victoria, the review of their Local Government Act addressed this very issue:

*"The role of mayors is not properly understood by the community. Many councillors argue that mayors are 'first among equals' and that the role is merely ceremonial—such as representing council at public functions like citizenship ceremonies—as well as chairing council meetings. Out in the community, people often have a completely different view: that the mayor has an important leadership role in council; that they are responsible for holding councillors to account for their actions and have the power to do so; and that they also have broader responsibilities for how the council, including its administration, fulfils its role."*²⁴

It may be the case that some of the public disquiet about Local Government relates to the misalignment between the public understanding of the role of individual Councillors including the Mayor or President, and the actual role defined by the *Local Government Act 1995*.

Councils are not Boards

There has been some commentary in recent times that Councils are equivalent to a Board of Directors. This misunderstands and misrepresents the fundamental role of Council to make *political* decisions in a *public* setting.

Councillors are very much encouraged to adopt 'board-like behaviour' in their deliberations and decision making in Council meetings and their dealings with constituents.

Councillors are community representatives – not professional directors that would be found in the private sector – tasked with a number of complex and often competing roles, such as providing good democratic government, supporting the community, managing places, delivering and maintaining infrastructure, and delivering services efficiently while ensuring rates are kept low.²⁵ Again, these roles are performed in a publicly and contested political environment.

²³ Department of Local Government and Communities (2017)

²⁴ The State of Victoria Department of Environment, Land, Water and Planning (2016), p38

²⁵ Skatssoon (2019)

Training and Professional Development

The complexity of the role, coupled with its public and political nature, demonstrates that training, professional development, capacity building and ongoing advice and support for Elected Members is essential. For this reason, WALGA, as the Local Government sector peak body, has invested significant resources in ensuring training and advice are available to Elected Members at all levels.

WALGA is a Registered Training Organisation (RTO) that offers a range of Nationally-Accredited Elected Member professional development courses that have been designed to provide the essential knowledge and skills to support Councillors to perform their role as defined in the *Local Government Act 1995*.²⁶

With a range of flexible courses to choose from, including a qualification specifically developed to meet the needs of Elected Members in Western Australia, there are a variety of ways for Elected Members to maintain and develop their professional capabilities.

Completion of training and assessment activities from all three Stages of WALGA's Learning and Development Pathway, will result in the achievement of the Diploma of Local Government (Elected Member) qualification. Since 2011, 35 Elected Members have completed the Diploma qualification and there are a further 36 currently enrolled.

Role of the Chief Executive Officer

The *Local Government Act 1995* clearly defines the role of a Local Government Chief Executive Officer:

The CEO's functions are to —

- (a) advise the council in relation to the functions of a local government under this Act and other written laws; and*
- (b) ensure that advice and information is available to the council so that informed decisions can be made; and*
- (c) cause council decisions to be implemented; and*
- (d) manage the day to day operations of the local government; and*
- (e) liaise with the mayor or president on the local government's affairs and the performance of the local government's functions; and*
- (f) speak on behalf of the local government if the mayor or president agrees; and*
- (g) be responsible for the employment, management supervision, direction and dismissal of other employees (subject to section 5.37(2) in relation to senior employees); and*

²⁶ WALGA (2019)

- (h) *ensure that records and documents of the local government are properly kept for the purposes of this Act and any other written law; and*
- (i) *perform any other function specified or delegated by the local government or imposed under this Act or any other written law as a function to be performed by the CEO.*

The Chief Executive Officer is the principal adviser to the Council and assists Elected Members to perform their role by providing advice and information so they can make informed decisions that are legally within the Council's powers while taking account of financial and resource constraints.²⁷

The CEO implements Council's decisions and is answerable to the Council for the performance of the Local Government in delivering services and facilities to the community.²⁸ Employment, management and supervision of all other staff is the responsibility of the CEO, who is responsible for managing operations on a day-to-day basis.

Given the Council has only one employee – the Chief Executive Officer – it is crucial that the Council makes a good decision when employing a CEO, and also that Council is able to effectively manage the performance of the CEO. As Councillors are often community representatives, who may not be experienced or qualified in contemporary human resource management practices, employment, management and performance appraisal of the CEO may be one of the Council's most significant challenges.

The *Local Government Act 1995* requires that performance criteria for the purpose of reviewing the CEO's performance are established. Similarly, development of these performance criteria are crucial for the Council to get right.

For these reasons, WALGA offers an Elected Member training course on CEO Performance Appraisals, and provides Elected Members with significant advice and assistance through the CEO recruitment and performance appraisal cycle.

It is also acknowledged that the recent amendments to the Local Government Act in June 2019 provide for guidelines to be produced for the CEO recruitment and performance review process.

Chief Executive Officer Remuneration

At times, there has been uninformed commentary in the public realm about the pay of Chief Executive Officers in the Local Government sector. The remuneration of Chief Executive Officers is subject to a determination every year by the Salaries and Allowances Tribunal,

²⁷ WALGA (2019a)

²⁸ WALGA (2019a)

the same body that determines the pay and conditions for Members of Parliament, senior executives of Government Trading Entities such as Synergy and the Water Corporation, and Judges and Magistrates.

The Salaries and Allowances Tribunal's process for determining CEO remuneration is transparent and well-established.

To criticise Local Government CEOs for 'earning more than the Premier', which seems to be a common trope among the uninformed, is misguided. The Premier occupies a political office; a Local Government CEO occupies an executive management administrative office and is often responsible for management of significant sums of public money.

In the case of large metropolitan Local Governments, the Chief Executive Officer may be responsible for an organisation with \$170 million in annual revenue and 1,000 employees. To suggest that someone with such responsibility would not command a significant remuneration package is naïve and misguided.

Funding and Financial Management

e) *The funding and financial management of local governments*

The removal of constraints to Local Government revenue capacity is a critical success factor for an improved system of Local Government in Western Australia.

The place of Local Government in Australia's Federation and in the context of the vertical fiscal imbalance has been well documented and well researched. The revenue constraints impacting on Local Government in virtue of its role in the Federation is perhaps best summarised by the Systemic Sustainability Study Panel:

"The positioning of Australian Local Government in jurisdictional roles, determined by State legislation and with revenue sourced from State and Commonwealth sources along with own-source rates and charges, provides significant scope for role and funding tensions between the three levels of government."²⁹

This tension sometimes manifests in commentary about Local Government rate setting, which occasionally degenerates to a discussion about the merits or otherwise of specific rate increases. A debate of this nature can be destructive; rate rises above the consumer price index may be essential for a number of reasons, and may be a manifestation of a democratic mandate for the Local Government to provide specific services to a certain level of service.

Rates are Local Governments' only taxation mechanism available to fund the myriad of services expected by the community. This is because other sources of income are subject to varying degrees of control by other spheres of government: fees and charges may be set or capped by regulation and not increased over time and grants and transfers are not subject to Local Government control. Secondly, due to a large infrastructure backlog, there is a need for Local Governments to raise sufficient revenue to fund future obligations for infrastructure replacement and renewal. Failure to do this represents an inequitable transfer of liabilities to future generations of ratepayers.

A significant infrastructure backlog is a tangible manifestation of Local Governments' revenue constraints. In 2017-18 there was a \$136 million shortfall between the \$717 million estimated to be required to maintain the road network in its current condition and the \$584 million that was spent by Local Governments on road preservation. This gap has grown by around \$48 million per year over the past five years. The gap between actual and required expenditure on roads is largest in the Wheatbelt region and has been for many years. The cumulative effect of this is clear in road condition data across the network, where between 20 and 25 percent of the sealed roads are in a poor or very poor condition. This challenge is not able to be resolved by Local Governments alone. In the Wheatbelt South Region it has been calculated that, in aggregate, Local Governments would have to spend 100 percent of their

²⁹ WALGA (2006) p19

revenue raising capacity (a theoretical maximum calculated by the WA Local Government Grants Commission) in addition to the grants received in order to meet their road preservation needs. The increased service levels required by high productivity vehicles (over-mass, road trains) add to the challenges faced by Local Governments in these regions.

Remote regions are heavily dependent on Federal and State Governments to fund road maintenance and renewal. In the Gascoyne Region, around 90 percent of road funding is from Federal and State Governments, and in the Kimberley around 80 percent of funding is from Federal and State Governments.

Beyond acknowledging Local Government's place in Australia's Federal system of Government, characterised by a significant vertical fiscal imbalance, there are some practical reforms that would enhance the revenue capacity of Local Governments and improve equity in the community.

Rates

Rates, which represent Local Governments' only tax instrument and primary form of own-source of revenue, are a tax on wealth, not tied to any specific services, but rather used to fund a broad range of community facilities and services.³⁰

Local Government is a legitimate and essential sphere of Government with the democratically enshrined mandate to raise revenue through rates to fund infrastructure and services for the benefit of their community.

Councils' deliberative rate setting processes reference their Integrated Planning Framework – a thorough strategic, financial and asset management planning process – and draw upon the community's willingness and capacity to pay.

The Henry Tax Review puts forward five key principles that the tax system should seek to address:³¹

1. Equity
2. Efficiency
3. Simplicity
4. Sustainability
5. Policy Consistency

It can be seen in the following table that rates perform well when assessed against the principles of taxation.

³⁰ Deloitte Access Economics (2013)

³¹ Commonwealth of Australia (2010)

Principle	Definition ³²	How rates perform
Equity	The tax and transfer system should treat individuals with similar economic capacity in the same way, while those with greater capacity should bear a greater net burden. Further, the tax system should be progressive.	As rates are directly related to property value, those with higher valued properties will pay more in rates than those with lower valued properties in the same jurisdiction.
Efficiency	The tax and transfer system should raise and redistribute revenue at the least possible cost to economic efficiency and with minimal administration and compliance costs.	Rates are a relatively efficient tax as they are unlikely to substantially affect economic decision-making. In fact, the Henry Tax Review contends that "the estimated welfare losses of municipal rates and land tax are lower than, or similar to, those of the GST, and a lot lower than for personal tax on labour income and company income tax." ³³
Simplicity	The tax and transfer system should be easy to understand and simple to comply with.	Rates are simple, easy to understand, easy to comply with, and difficult to avoid.
Sustainability	A principal objective of the tax system is to raise revenue to fund government programs... [and] should have the capacity to meet the changing revenue needs of government on an ongoing basis.	Rates are sustainable. As a tax on land, which is immobile, revenue from rates is relatively fixed when compared to other forms of taxation.
Policy Consistency	Tax and transfer policy should be internally consistent.	Rates are not inconsistent with other forms of taxation and there is a direct link between rates and services provided to the property and the broader community.

³² Commonwealth of Australia (2010)

Rate Exemptions

Rating exemptions undermine the efficacy of rates in relation to the criteria outlined in the table above.

Exemptions from rates represent significant revenue leakage for Local Governments and this transfers the rate burden to remaining ratepayers. The Local Government sector supports a broad review into the justification and fairness of all rating exemption categories currently prescribed under section 6.26 of the *Local Government Act 1995*. Rate exemptions can be particularly perverse where commercial operations are clearly evident.

To understand the impact of ratings exemptions on the sector, WALGA conducted a survey of its members during July 2018. The survey sought to quantify the impact of ratings exemptions during the 2017-18 financial year.

Some 100 Local Governments responded to the survey, representing Local Governments of all sizes and from across both metropolitan and regional WA. 30 respondents were from the metropolitan area, 63 were from regional WA, and the remainder did not state their location.

The total value of revenue foregone in 2017-18 as a result of ratings exemptions was \$45,633,541. This represents approximately two percent of total rates revenue (based on 2016-17 figures). The impost of rates exemptions was relatively evenly spread across the sector, with the largest share of revenue forgone attributed to the City of Stirling (11 percent) and City of Greater Geraldton (9 percent).

In dollar terms, the largest overall financial impost to the sector from rating exemptions related to land used exclusively for charitable purposes (\$16,564,788), followed by crown land (\$7,522,264), and land used as a non-government school (\$7,247,816). It is noted that some Local Governments had difficulties accessing gross rental values for crown land and so the revenue forgone is potentially much higher.

The most common type of property that was exempt from rating during the 2017-18 financial year was land which is property of the crown (13,905 properties). This was followed by land used exclusively for charitable purposes (2,919 properties) and land owned by a regional local government (2,811 properties).

Charitable Purposes Rating Exemption

Of particular concern to the Local Government sector is the rate exemption relating to charitable purposes. In 2005, the Local Government Advisory Board inquired into the

operation of section 6.26(2)(g) of the *Local Government Act 1995*.³⁴ This section provides that "land used exclusively for charitable purposes" is exempt from Local Government rates.

In principle, this section of the Act is supported by the Local Government sector. Clearly, Local Government, like any sphere of government, ought to continue to play a role in supporting and encouraging charitable organisations in their work for the benefit of the community. Accordingly, advocacy by the Local Government sector for legislative amendments relating to this section of the Act should not be misinterpreted as disregard for the positive work of charities in the community.

The Local Government sector contends that exemptions under this section of the Act have extended beyond the original intention and now provide rating exemptions for non-charitable purposes, which increase the rate burden to other ratepayers.

The most prominent example of this is the exemption provided under this section of the Act to Independent Living Units (ILU), which is well documented in the Local Government Advisory Board's Report.³⁵ It was estimated by the Local Government Advisory Board that approximately \$3 million of revenue was foregone by Local Governments in 2005 as a result of this section of the Act.³⁶ This figure has significantly increased since the Advisory Board's report published over a decade ago, with WALGA's 2018 survey of Local Governments suggesting that \$16.5 million of rate revenue is forgone due to the charitable purposes rate exemption.

If this issue is not addressed, the rate burden on other ratepayers will continue to increase as the demand for Independent Living Units increases as the population ages.

The Local Government Advisory Board recommended in 2005 that Independent Living Units should not be exempt from rates.³⁷ The Legislation Reform Working Group recommended in 2010 that Independent Living Units should not be exempt from rates.³⁸ WALGA's policy position on this issue is that the *Local Government Act 1995* should be amended to remove the rate exemption for Independent Living Units. There may be an argument for exemptions to be granted by State or Federal legislation. Examples include exemptions granted by the Commonwealth *Aged Care Act 1997* and group housing for the physically and intellectually disabled which is supported under a government scheme such as a Commonwealth-State Housing Agreement or Commonwealth-State Disability Agreement.

The sphere of government that determines that exemptions should be granted should fund the exemption. This will ensure that funding the revenue shortfall will be equitably and

³⁴ Local Government Advisory Board (2005)

³⁵ Local Government Advisory Board (2005) p14-22

³⁶ Local Government Advisory Board (2005) p3

³⁷ Local Government Advisory Board (2005) p22

³⁸ Legislation Reform Working Group (2010) p2

appropriately distributed amongst taxpayers. For example, the State Government have a compensatory fund of this nature relating to pensioner discounts for the payment of rates.

The *Local Government Act 1995* needs to be amended to provide clarification on rating of land used for charitable purposes.

Rate Equivalency Payments

A similar issue relates to rate exemptions for State Government trading entities.

A particular example is the exemption granted to LandCorp by the *Land Authority Act 1992*. In 1998, the Act was amended to include provisions for LandCorp to pay the Treasurer an amount equal to that which would have otherwise been payable in Local Government rates, based on the principle of 'competitive neutrality'.

This matter is of serious concern to Local Governments with significant LandCorp holdings in their district. The shortfall in rates are effectively paid by other ratepayers, which means ratepayers have to pay increased rates because LandCorp has a presence in the district.

The current situation involving the Perth Airport demonstrates that such a system is appropriate and can work in practice. In this case, the Commonwealth Government requires the lessee to make a rate equivalency payment to the relevant Local Government and not the Commonwealth. There is no reason why a similar system cannot be adopted for State Government Trading Entities.

State Agreement Acts

Before the 1980s, State Government conditions of consent for major resources projects in WA included the requirement for purpose-built towns in close proximity to project sites. These conditions were detailed in State Agreement Acts, which are essentially contracts between the State Government and proponents of major resources projects that are ratified by the State Parliament.

The requirement to provide community services and infrastructure meant State Agreement Acts typically included a Local Government rating restriction clause. Many of these towns have since been 'normalised' due to Local Governments, the State Government and utility providers assuming responsibility for services and infrastructure.

In 2011, the State Government introduced a new policy on 'the application of Gross Rental Valuation to mining, petroleum and resource interests' (the GRV mining policy). The policy would apply for a 3 year trial period from 1 July, 2012. The trial period was recently extended until 30 September, pending the outcomes of a review of the policy. The primary objectives

of the policy were to clarify the circumstances where Local Governments could apply GRV rating to mining land and enable the use of GRV rating on new (i.e., initiated after June 2012) mining, petroleum and resource interests. This included the application of GRV rating to new State Agreement Acts.

However, existing State Agreement Acts continue to restrict Local Government rating. Local Governments can only rate projects covered by existing Agreements in the unlikely event of 'both parties agree[ing] to adopt the policy'. Alternatively, the State Government has also stated that 'projects that operate under existing State Agreements and currently exempt from rates may apply the policy as part of their respective Agreement Variation processes with the Department of State Development during the trial period'. Again, this statement suggests it is unlikely that the rating exemptions will be removed for existing State Agreements since variations are infrequent and there is no real requirement to remove the exemptions.

Rating exemptions on State Agreement Acts mean that Local Governments are denied an efficient source of revenue. There are also equity issues associated with the existing exemptions since they only apply to a select group of mining companies whose projects are subject to older State Agreement Acts. Removing the rates exemption clauses from the pre-July 2012 State Agreement Acts would provide a fairer outcome for all other ratepayers, including the proponents of new resources projects.

Restrictions on Borrowings

Another Local Government finance issue is a disincentive for Local Government investment in community infrastructure due to borrowing restrictions in the *Local Government Act 1995*. Section 6.21(2) states that a Local Government can only use its 'general funds' as security for borrowings to upgrade community infrastructure, and is restricted from using its assets to secure its borrowings.

This provision severely restricts the borrowing capacity of Local Governments and reduces the scale of borrowing that can be undertaken to the detriment of the community.

This is particularly relevant since the Global Financial Crisis. Treasury now requires member Local Governments to show as contingent liabilities in their balance sheet their proportion of contingent liabilities of the Regional Local Government of which they are a member. Given that the cost of provision of an Alternative Waste Disposal System is anything up to \$100 million, the share of contingent liabilities for any Local Government is significant. Even under a 'Build-Own-Operate' financing method, the unpaid (future) payments to a contractor must be recognised in the balance sheet of the Regional Local Government as a contingent liability.

This alone is likely to prevent some Local Governments from borrowing funds to finance its own work as the value of contingent liabilities are taken into account by Treasury for borrowing purposes.

Fees and Charges

Fees and charges are, on average, the second largest source of Local Government discretionary revenue.³⁹ Local Governments are able to charge users for specific, often incidental, services. Examples include dog registration fees, fees for building approvals and swimming pool entrance fees.

In some cases, Local Governments will recoup the entire cost of providing a service or even make a profit. In other cases, user charges may be set below cost recovery to encourage a particular activity with identified community benefit, such as sporting ground user fees or swimming pool entry fees.⁴⁰

Currently, fees and charges are determined according to three methods:

- By legislation
- With an upper limit set by legislation⁴¹
- By the Local Government.

Fees determined by State Government legislation are of particular concern to Local Governments and represent significant revenue leakage. Examples of fees and charges of this nature include dog registrations fees, town planning fees and building permits. Since Local Governments do not have direct control over the determination of fees set by legislation, this revenue leakage is recovered from rate revenue.

Under the principle of 'general competence' there is no reason why Local Governments should not be empowered to make decisions regarding the setting of fees and charges for specific services.

There may be an argument that certain fees and charges should be consistent across the State or the metropolitan area; however it is not clear why dog registration fees, as an example, should be the same in every Local Government area. Local Governments in most other states are able to set animal registration fees.

Car registration fees are not the same in every State and few would argue they ought to be; setting fees, charges and tax rates is a core function of government and Local Governments, as a legitimate sphere of government, should be able to make policy decisions regarding their services and revenue streams.

Councils should be empowered to make policy decisions regarding user-paid services provided by the Local Government.

⁴⁰ WALGA (2008b) p81

⁴¹ See Section 6.17(3) of the *Local Government Act 1995*

Grants

Grants and transfers from other spheres of Government are the other main revenue source for Local Government. Financial Assistance Grants, provided by the Commonwealth and distributed by the State Government's Local Government Grants Commission are a key funding source for many Local Governments.

The Department of Local Government, Sport and Cultural Industries website explains Financial Assistance Grants:

*"Local Government Financial Assistance Grants funded by the Commonwealth Government are distributed among 137 local governments in Western Australia each year. The grants are the State's entitlement for financial assistance from the Commonwealth Government, paid in equal quarterly instalments for a financial year, under the Australian law, Local Government (Financial Assistance) Act 1995. The distribution of Financial Assistance Grants is for local government purposes, to achieve equitable levels of services by reasonable effort."*⁴²

*Western Australia's share of Commonwealth funding for 2018-19 is \$293,275,889, which equals 11.93 per cent of the national allocation of \$2.457 billion. The allocation has increased from \$287.355m. The funding is untied; there are no conditions on how the funds should be spent. The amount is divided into two parts, a general purpose component and a local roads component."*⁴²

Particularly for smaller, more remote Local Governments, financial assistance grants can comprise of a significant portion of revenue. As the Australian Local Government Association (ALGA) notes, Financial Assistance Grants are particularly important in areas with a low rate base, and/or high growth rate, and rapidly expanding service and infrastructure needs.⁴³

Local Governments in Western Australia strongly support ALGA's advocacy campaign to restore Financial Assistance Grants to one percent of Commonwealth taxation revenue, which was the level of funding provided in 1996.⁴⁴ Since then, despite the Australia's Gross Domestic Product growing strongly, Financial Assistance Grants funding has eroded to now represent approximately 0.55 percent of Commonwealth taxation revenue.⁴⁵

This decline in revenue support from the Commonwealth coincides with the responsibilities and demands of Local Government increasing as the State Government reduces services to address budget issues and Local Government seeks to address the infrastructure backlog, which improves the economic capacity of Western Australia's communities.

Other Related Matters

- f) Any other related matters the select committee identifies as worthy of examination and report*

Transparency and Accountability

Local Government is a unique combination of a complex organisation, operating in the public realm with significant transparency and accountability requirements.

Appropriately, given Local Government's role as steward of public assets and public funds, there is a high level of public scrutiny related to Local Government operations and decision-making. In particular, Council meetings, with limited exceptions, are open to the public, and community members can avail themselves of public question time at Council meetings. Further, Local Governments are required to hold a public meeting of electors annually, and members of the community are able to petition for special electors meetings to be held to address specific issues.

In addition, the role of an Elected Member includes a role in facilitating communication between the community and the Council. Elected Members are generally approachable and make themselves available to be contacted about community issues in person at events or via telephone, email or social media. Information, including agendas and minutes, is available on each Local Government's website, meaning that Council decisions are generally accessible.

Local Governments embrace accountability, openness and transparency. Accusations to the contrary are fundamentally misguided, given the existing legislative transparency requirements coupled with Local Government practice that enhances transparency even further.

A prime example of Local Government's culture of openness is highlighted by the commencement of performance audits by the Office of the Auditor General. Despite the resource requirement in facilitating an audit of this nature, Local Governments have embraced the opportunity for an independent agency to access their organisation and provide recommendations on how performance can be improved to reduce risk or enhance efficiency or effectiveness.

The performance audits conducted by the Office of the Auditor General are not only relevant to the subset of Local Governments chosen for audit, but also provide learnings for other Local Governments. It is a credit to the Local Government sector that the performance audits have been welcomed by Local Governments, and not resisted.

State Local Government Partnership Agreement

In August 2017, the following State and Local Government sector leaders signed the Western Australian State Local Government Agreement:⁴⁶

- Premier – Hon Mark McGowan MLA;
- Minister for Local Government – Hon David Templeman MLA;
- President, WALGA – Cr Lynne Craigie; and,
- President, Local Government Professionals Australia WA – Mr Jonathan Throssell.

The objectives of the partnership agreement are to facilitate the State Government and the Local Government sector working together to enhance communication and consultation between the two spheres of Government, and to provide good governance for the people of Western Australia.

Importantly, the Agreement sets out a communication and consultation framework that commits the State Government to thoroughly consulting with the Local Government for 12 weeks for proposals that “will have a significant impact on Local Government responsibilities or operations.”⁴⁷

Further, the Agreement establishes the State and Local Government Partnership Group comprising the following State and Local Government leaders:

- Premier;
- Treasurer;
- Minister for Local Government;
- Minister for Planning / Transport;
- WALGA President;
- LG Professionals President; and,
- Such other Ministers and Local Government representatives as appropriate to the subject matter on the agenda.

The Partnership Agreement provides opportunities for both the State Government and the Local Government sector.

For the Local Government sector, the commitment to consultation timeframes and regular, formal access to key Government leaders, such as the Premier and Treasurer, are important.

For the State Government, there are opportunities to leverage Local Government's reach in every community in Western Australia in the pursuit of State Government objectives.

⁴⁶ Government of Western Australia, Local Government Professionals Australia WA, and WALGA (2017)

⁴⁷ Government of Western Australia, Local Government Professionals Australia WA, and WALGA (2017)

For example, WALGA commissioned a piece of work to review the WA Plan for Jobs and provide information to Local Government about opportunities for leveraging the State's work in this space.⁴⁸ This provided Local Governments with options and opportunities at the regional and local level, allowing Local Governments to develop their local and regional economies in line with State objectives.

Similarly, as part of the Review of the Local Government Act, WALGA partnered with the Department of Local Government, Sport and Cultural Industries to host workshops around Western Australia leveraging WALGA's Zones to provide consolidated input into the State's review process.

State Industrial Relations Review

WALGA would like to draw the Committee's attention to the ongoing State Industrial Relations Review.

Although there is a State Local Government Partnership Agreement, there are times when there are differing views on particular issues. The recent Ministerial review of the WA Industrial Relations system is a case in point.

This particular example is where the State Government are proposing an agenda that disadvantages the Local Government sector.

The WA State Government undertook a review of the WA Industrial Relations System in which the following recommendations have been made:

- *Local Government employers and employees be regulated by the State industrial relations system.*
- *To facilitate this recommendation, the State Government introduce legislation into the State Parliament that declares, by way of a separate declaration, that each of the bodies established for a Local Government purpose under the Local Government Act 1995 (WA) is not to be a national system employer for the purposes of the 2018 IR Act.*
- *If the declaration is passed by the State Parliament, the State expeditiously attempt to obtain an endorsement under s 14(2)(c) and s 14(4) of the FW Act by the Commonwealth Minister for Small and Family Business, the Workplace and Deregulation, to make the declaration effective (the endorsement).*

⁴⁸ WALGA (2018)

Clearly a political decision, the State Government has advised they will **not** be modernising the State IR system, including updating the *Minimum Conditions of Employment Act 1993*, *Industrial Relations Act 1979* or state awards.

If this recommendation is enacted 88 percent of Local Governments or 93 percent of employees currently operating in the federal system will be forced to operate in a jurisdiction which is antiquated and does not provide minimum conditions reflective of the modern workplace.

Further, no consideration appears to have been given by the State Government to the fact that Local Governments have operated in the federal jurisdiction for well over a decade i.e. before the *Fair Work Act 2009* came into effect. The foundations in which Local Governments have established core functions and services for their communities has been enabled through a federal and modernised system.

While purporting to provide jurisdictional certainty, this politically driven decision will force Local Governments to review of the viability of services and operations with ultimately members of the community paying the price.

WALGA and the sector are of the view that Local Government employers and employees in WA should not be exclusively regulated by the State IR system.

Conclusion

WALGA would like to take the opportunity to thank the Committee for considering this submission.

As this submission demonstrates, Local Governments, across the breadth and width of Western Australia, deal with a wide range of issues and strive to provide efficient services and effective democratic representation on behalf of their constituents and communities.

This Committee Inquiry presents a tremendous opportunity for best practice and innovation to be highlighted. While no Local Government is perfect, WALGA contends that the Local Government sector contains countless examples of dedicated Elected Members, executives and staff striving to achieve positive outcomes on behalf of the community.

WALGA President, Cr Lynne Craigie OAM, and Chief Executive Officer, Nick Sloan, would welcome the opportunity to present to the Committee on the matters contained in this submission or any other matters relevant to the Inquiry.

10.3 Statement of Financial Activity for period ended 30 June 2019

File Code	FI.RPT 2
Author	Kylie Caley, Acting Manager Finance
Senior Employee	Stan Kocian, Acting Director Corporate Services
Disclosure of Any Interest	Nil
Attachments	1. Statement of Financial Activity for the period ended 30 June 2019 ↓

SUMMARY

The monthly Statement of Financial Activity discloses the Shire's financial position as at 30 June 2019.

The closing budget position as at 30 June 2019 is a surplus of \$7,893,624. The budgeted year end surplus is \$1,637,504 as per the original budget adopted by Council (C10.06.18). The mid-year budget review subsequently amended the forecast budget year end surplus to \$1,690,472 (C8.03.19). The 2019/20 budget adopted by Council in June was based on a forecast a closing budget position of \$5,274,142 for 2018/19 (C9.06.19).

BACKGROUND

The monthly financial report is presented in accordance with the *Local Government Act 1995* and the *Local Government (Financial Management) Regulations 1996*.

A statement of financial activity and any accompanying documents are to be presented to the Council at an ordinary meeting of the Council within two months after the end of the month to which the statement relates.

The Statement of Financial Activity Report summarises the Shire's operating activities and non-operating activities.

STATUTORY / LEGAL IMPLICATIONS

Regulation 34(1) of the *Local Government (Financial Management) Regulations 1996* requires a local government to prepare each month a statement of financial activity.

Regulation 34(2) requires the statement of financial activity to report on the sources and applications of funds, as set out in the annual budget.

POLICY IMPLICATIONS

Nil

FINANCIAL IMPLICATIONS

Financial implications are in accordance with the approved reporting material variances (C15.06.18) of:

- (+) or (-) \$50,000 or 10%, whichever is the greater for Revenue

- (+) or (-) \$100,000 or 10%, whichever is the greater for Expenses within the monthly Statement of Financial Activity during the 2018/19 financial year.

STRATEGIC IMPLICATIONS

Mundaring 2026 Strategic Community Plan

Priority 1 - Governance

Objective 1.1 – A fiscally responsible Shire that prioritises spending appropriately

Strategy 1.1.4 – Practice effective governance and financial risk management

SUSTAINABILITY IMPLICATIONS

Nil

RISK IMPLICATIONS

Risk: Financial performance is not monitored against approved budget		
Likelihood	Consequence	Rating
Possible	Minor	Moderate
Action / Strategy		
The monthly financial report tracks the Shire's actual financial performance against its budgeted financial performance to ensure that the Council is able to monitor to Shire's financial performance throughout the financial year.		

EXTERNAL CONSULTATION

Nil

COMMENT

The reports that accompany this item are as follows:

- Statement of Financial Activity (based on the Rate Setting Statement adopted in the annual budget) for the period ending 30 June 2019;
- The closing budget position for the period ending 30 June 2019 and comparison to the year to date budget and same period last year;
- A graphical representation of the year to date comparison to budget for operating revenue, operating expenses and capital expenses;
- An explanation of the material variances in the Statement of Financial Activity;
- A statement of year to date operating expenses by each area of budget responsibility; and
- Summary of Cash Investments with financial institutions as at 30 June 2019.

In relation to the material variances, "timing" differences are due to the monthly spread of the budget not matching the actual spread of revenue or expenditure. Timing differences will not result in a forecast adjustment.

Where the material variance is flagged as “permanent” this indicates that a forecast adjustment to the annual budget is required or has been made.

The Shire has a surplus of \$7,893,624 as at 30 June 2019, compared to a budgeted year to date surplus of \$1,637,504. The cash balance in the Municipal Fund is \$10,203,936.

VOTING REQUIREMENT

Simple Majority

RECOMMENDATION

That Council notes:

1. the closing position of the Shire for the period ending 30 June 2019 is a surplus of \$7,893,624 compared to the year to date budgeted surplus of \$1,637,504; and
2. the explanation of material variances in the Statement of Financial Activity contained in **Attachment 1**.

Explanation of Material Variances				
The material variance thresholds are adopted annually by Council as an indicator of whether the actual expenditure or revenue varies from the year to date budget materially.				
The material variance for revenue adopted by Council for the 2018/19 year is \$50,000 or 10% whichever is the greater.				
The material variance for expenses adopted by Council for the 2018/19 year is \$100,000 or 10% whichever is the greater.				
Reporting Program	Var. \$	Var. %	Timing/ Permanent	Explanation of Variance
Opening Funding Surplus/(Deficit)	3,441,761	89%	Permanent	<p>1) The advance payment by the Western Australian Local Government Grants Commission (WALGGC) of 50% of the Shire's 2018/19 allocation for the General Purpose Grant and united Roads Grant. An amount of \$1,221,161 was received on 22 June 2018. Whilst this amount increases the Shire's closing budget surplus for 2017/18, the revenue the Shire budgeted to receive in 2018/19 will according be reduced by this amount (the full amount was budgeted to be received in 2018/19). This was a forecast adjustment in the mid-year budget review for 2018-19. 2) A difference of \$1,583,761 between what was forecast (\$7,395,071) to be spent on infrastructure capital projects in 2017/18 and what was actually (\$5,811,310) spent on these projects. The unspent amount on these incomplete projects carried over to 2018/19 was a forecast adjustment in terms of unbudgeted expenditure in the mid-year budget review for 2018/19.</p>
Revenue from operating activities				
General Purpose Funding -Rates	225,880	0.8%	Permanent	Impact of increase in rates received in advance from 30 June 2018 to 30 June 2019. Interim Rates income \$58,347 greater than what was budgeted for
General Purpose Funding - Other	672,459	21.5%	Permanent	Impact of receiving 50% of 2020/21 allocation of FAGs from Grant Commission as an advance payment in June 2019 .
Governance	(35,849)	(14.8%)	Permanent	1) Recoup of Long Service Leave liability budgeted to recoup \$30,000 YTD - impact of \$28,393 under budget. 2) Sundry income under YTD budget - impact \$32,753. 3) LGIS refund budgeted to receive \$60,000, impact \$69,415 over budget
Law, Order & Public Safety	291,771	62.2%	Permanent	1) Un-budgeted DFES Mitigation Activity Fund grant 1st instalment received - impact \$129,000. 2) ESL Grant funds received greater than anticipated - impact \$136,558. 3) Cat Registration Fees over budget - impact \$12,859 4) Dog registration fees over budget - impact \$18,359.

Health	50,489	90.6%	Permanent	Income from health fees and charges is greater than anticipated. Forecast adjusted by \$9000 in mid-year budget review. Forecast adjusted by a further \$3,500 at year end.
Education & Welfare	1,000,845	20.7%	Permanent	1) Child Care Benefit income higher than anticipated budget - impact \$919,215. 2) Fees received for Midvale Childcare centre over budget - impact \$154,006
Community Amenities	(62,418)	(0.8%)	Permanent	Refuse collection charges under budget - impact \$66,629
Recreation and Culture	(843,795)	(38.7%)	Permanent	Profit on sale of assets of Scott Street Library site due to land remaining unsold.
Transport	(571,283)	(86.9%)	Permanent	Contributions Income for Parks received less than budgeted - Impact \$590,500.
Economic Services	(87,987)	(26.5%)	Permanent	1) Building licence fees under anticipated budget. Budget \$220,000 received \$148,149 - impact \$71,851 underbudget. 2) Other building fee income under budget. Budget \$30,000 received \$10,599 - impact \$19,401 underbudget.
Other Property and Services	(821,501)	(61.2%)	Permanent	Land Sales have not occurred as budgeted therefore there has no profit on sale recognised. Impact \$861,818.
Expenditure from operating activities				
General Purpose Funding	(27,970)	4.3%		Within Variance threshold
Governance	(326,593)	6.6%	Permanent	1) Office Expenses under budget - impact \$211,630 2) IT maintenance under budget - impact \$59,034 3) Salaries under budget - impact \$19,082 4) Maintenance and rental of printers under budget - impact \$27,323
Law, Order & Public Safety	153,084	(6.2%)	Permanent	DFES Mitigation Activity Fund \$167,531, offset by corresponding revenue.
Health	(12,484)	1.8%		Within Variance threshold
Education & Welfare	509,628	(7.9%)	Permanent	1) Childcare Care Giver Subsidy Expenses over budget - Impact \$823,581. Offset by corresponding revenue. 2) Salaries for Indigenous Advancement Strategy under budget - impact \$113,866 3) Youth services programs under budget - impact \$171,949. Forecast was adjusted during year to reflect Council's decision to change service model.
Community Amenities	(1,398,159)	14.4%	Permanent	Various YTD expenses for waste management \$1,281,555 under budget. There has been lower than anticipated volumes relating to bulk collection and disposal to Redhill resulting in a reduction of \$101,000 to the year end forecast for expenses in the mid-year budget review. 2) Urban Drainage expense is under budget - impact \$30,000 3) Verge Weed Spraying under budget - impact \$135,519

Recreation and Culture	163,929	(1.6%)	Permanent	Depreciation for Mundaring Recreation over budget - non cash impact \$208,596.
Transport	(457,646)	4.0%	Permanent	Kerb Maintenance is \$43,216 under budget. Street sweeping is \$41,638 under budget. Crossover Construction is \$27,005 under budget. Morrison Median & verges Swanview is \$38,232 under budget. Helena Valley Median & Verge is \$64,018 under budget. Storm damage is \$45,553 under budget. Year end forecast has reduced expenditure by \$25,522 but there were no permanent savings identified. Gravel road resheeting is \$21,600 under budget. Street Lighting is \$87,031 under budget. Verge Slashing is \$20,560 under budget. Sight distance clearing is \$36,796 under budget. Bitumen seal is \$44,456 under budget.
Economic Services	(36,278)	4.6%		Within Variance threshold
Other Property and Services	(194,398)	11.3%	Timing	Engineering overheads - Impact \$223,767.
Operating activities excluded from rate setting				
Depreciation on Assets	(275,304)	(3.9%)	Permanent	Budgeted Depreciation on Buildings over budget - impact \$232,989. Budgeted Depreciation on Plant & Equipment over budget - impact \$44,268. Year end forecast adjusted by \$260,897.
(Profit)/Loss on Disposal of Assets	(1,801,521)	104.5%	Permanent	Land Sales have not occurred as budgeted therefore there has no profit on sale recognised. Impact \$860,000. Sale relating to KSP Library has not occurred - impact \$835,000
Investing Activities				
Proceeds from Disposal of Assets	(2,728,707)	(82.9%)	Permanent	Land Sales have not occurred as budgeted therefore there are no proceeds from sale recognised. Impact \$2.675 million. There was also a decrease of \$725,000 in the mid-year budget review forecast proceeds from land sales. This reflects updated valuations that have been undertaken on Shire land that is currently on the market for sale. There has been a further reduction in the year-end forecast as the sale of land has now been carried over to the 2019/20 budget.
Grants and Contributions	95,378	4.9%	Permanent	State Grant Road Funding Grant is \$97,567 over budget.
Purchase Property, Plant & Equipment	(624,986)	25.0%	Permanent	Actual costs associated with plant and vehicle replacement are less than the budget. There is a delay in the purchase of a VBFB truck - impact of \$632,000.
Purchase Infrastructure	929,626	(18.1%)	Permanent	Under budget due to timing of projects. It should be noted that there will be unbudgeted carry overs for incomplete works in 19/20, which will form part of the forecast adjustment in the mid-year budget review.

Financing Activities				
Repayment of Debentures	(51,563)	8.5%		Within Variance threshold
Transfers from Reserves	(259,624)	(14.4%)		Reserves transfers to be finalised for year end.
Transfers to Reserves	(2,496,334)	37.2%	Permanent	Land Sales have not occurred as budgeted therefore there are no proceeds from sale to transfer to the Capital Investment Reserve. Impact \$2.675 million. Within the mid-year budget review there was a forecast decrease of \$725,000 in transfers to the Capital Investment Reserve. The proceeds from land sales are transferred into this reserve and this reduction reflects updated valuations that have been undertaken on Shire land that is currently on the market for sale.

10.4 List of Payments made during June 2019

File Code	FI.RPT 1
Author	Andrea Douglas, PA to Director Corporate Services
Senior Employee	Stan Kocian, Acting Director Corporate Services
Disclosure of Any Interest	Nil
Attachments	1. Payments Between Meetings June 2019 ↓

SUMMARY

A list of accounts paid from the Municipal Fund or Trust Fund under the Chief Executive Officer's delegated authority for the month of June 2019 is presented to Council for noting.

BACKGROUND

Council has delegated to the Chief Executive Officer (CEO) the exercise of its power to make payments from the Shire's Municipal and Trust Funds. In accordance with Regulation 13 of the *Local Government (Financial Management) Regulations 1996*, a list of accounts paid is to be presented to Council and be recorded in the minutes of the meeting at which the list was presented

STATUTORY / LEGAL IMPLICATIONS

Regulation 13 of the Local Government (Financial Management) Regulations 1996 states:

(1) *If the local government has delegated to the CEO the exercise of its power to make payments from the municipal fund or the trust fund, a list of accounts paid by the CEO is to be prepared each month showing for each account paid since the last such list was prepared –*

- (a) the payee's name;*
 - (b) the amount of the payment;*
 - (c) the date of the payment; and*
 - (d) sufficient information to identify the transaction*
- (3) *A list prepared under sub regulation (1) or (2) is to be –*
- (a) presented to council at the next ordinary meeting of the council after the list is prepared; and*
 - (b) recorded in the minutes of that meeting*

POLICY IMPLICATIONS

AS-04 Purchasing Policy

FINANCIAL IMPLICATIONS

All payments have been made in accordance with the approved budget and provides for the effective and timely payment of the Shire's contractors and other creditors

STRATEGIC IMPLICATIONS

Mundaring 2026 Strategic Community Plan

Priority 1 - Governance

Objective 1.1 – A fiscally responsible Shire that prioritises spending appropriately

Strategy 1.1.1 – Prudently consider resource allocation

SUSTAINABILITY IMPLICATIONS

Expenditure has been incurred in accordance with budget parameters, which have been structured on financial viability and sustainability principles

RISK IMPLICATIONS

Financial Impact

Risk: Payments are not monitored against approved budget and delegation		
Likelihood	Consequence	Rating
Possible	Minor	Moderate
Action / Strategy		
The monthly list of payments provides an open and transparent record of payments made under the CEO's approved delegation		

EXTERNAL CONSULTATION

Nil

COMMENT

Nil

VOTING REQUIREMENT

Simple Majority

RECOMMENDATION

That Council notes the list of payments made during June 2019.

PAYMENTS BETWEEN MEETINGS

In compliance with *Regulation 13 of the Local Government (Financial Management) Regulations 1996* (as amended) a list of accounts paid since the last such list was prepared is to be presented to the next Ordinary Meeting of Council and included in the minutes of that meeting.

The attached schedule of accounts paid is for the period made during June 2019 totalling \$ **5,956,395.16** be received by Council covers:

- Municipal Cheques 200326 – 200347;
- Electronic Funds Transfers; and
- Trust Fund Cheques 400649 – 400688

11.0 ELECTED MEMBERS MOTIONS OF WHICH PREVIOUS NOTICE HAS BEEN GIVEN

12.0 URGENT BUSINESS (LATE REPORTS)

13.0 CONFIDENTIAL REPORTS

Meeting Closed to Public

The Local Government Act 1995, Part 5, Section 5.23 states in part:

- (2) If a meeting is being held by a council or by a committee referred to in subsection (1)(b), the council or committee may close to members of the public the meeting, or part of the meeting, if the meeting or the part of the meeting deals with any of the following —
- (a) a matter affecting an employee or employees; and
 - (b) the personal affairs of any person; and
 - (c) a contract entered into, or which may be entered into, by the local government and which relates to a matter to be discussed at the meeting; and
 - (d) legal advice obtained, or which may be obtained, by the local government and which relates to a matter to be discussed at the meeting; and
 - (e) a matter that if disclosed, would reveal —
 - (i) a trade secret; or
 - (ii) information that has a commercial value to a person; or
 - (iii) information about the business, professional, commercial or financial affairs of a person, where the trade secret or information is held by, or is about, a person other than the local government; and
 - (f) a matter that if disclosed, could be reasonably expected to —
 - (i) impair the effectiveness of any lawful method or procedure for preventing, detecting, investigating or dealing with any contravention or possible contravention of the law; or
 - (ii) endanger the security of the local government's property; or
 - (iii) prejudice the maintenance or enforcement of a lawful measure for protecting public safety; and
 - (g) information which is the subject of a direction given under section 23(1a) of the *Parliamentary Commissioner Act 1971*; and
 - (h) such other matters as may be prescribed.

RECOMMENDATION

That Council closes the meeting to members of the public, in accordance with s5.23(2) of *the Local Government Act 1995*, in order to consider the confidential reports as detailed below:

13.1 Settlement of Legal Proceedings

Item 13.1 is considered confidential in accordance with the Local Government Act 1995 section 5.23(2) (b, d, e(iii) and h) as it contains information relating to the personal affairs of any person, legal advice obtained, or which may be obtained, by the local government

and which relates to a matter to be discussed at the meeting, a matter that if disclosed, would reveal information about the business, professional, commercial or financial affairs of a person and such other matters as may be prescribed.

14.0 CLOSING PROCEDURES

14.1 Date, Time and Place of the Next Meeting

The next Ordinary Council meeting will be held on Tuesday, 10 September 2019 at 6.30 pm in the Council Chamber.

14.2 Closure of the Meeting
