This report seeks Council's decision to appoint two elected members and a deputy elected member to the EMRC.

BACKGROUND

The EMRC was established in November 1983 as a regional council under the Local Government Act. It was originally set up to oversee the disposal of household waste in the region, but now also provides general waste management advice, environmental services, regional development marketing and risk management services (occupational safety and health) to member councils.

In accordance with the provisions of the Establishment Agreement between the EMRC and participating councils, Council shall appoint two members to the EMRC.

- 2) *The Participants acknowledge that, whilst not being legally obliged to do so, it is the intention of each of them that, if at a meeting of the Council of a Participant, the Participant is to make an appointment to the EMRC Council and the Mayor or president informs the Participant of his or her wish to be a member of the EMRC Council, then the Participant will appoint the Mayor or President to be a member of the EMRC Council.*
- 3) *A Participant may appoint one member of the Council of the Participant who may act temporarily in place of either member of the EMRC Council appointed by the Participant during any period in which the member of the EMRC Council is unable by reason of illness, temporary absence from the State, conflict of interest or any other cause to perform the functions of the office.*

(Participant means the Shire of Mundaring).

In September 2007 Council resolved (C8.09.07):

That as a matter of practice, the Council member holding the office of Shire President be appointed as one of the Shire of Mundaring Council representatives to the EMRC.

5.5 Environmental Advisory Committee Appointment and Terms of Reference

File Code	OR.MTG 7/2

Senior Employee	Mark Luzi, Director Statutory Services
Disclosure of Any Interest	Nil
Attachments	<ol style="list-style-type: none">1. Revised EAC Terms of Reference ↓2. Confidential Attachment - Nominations for Membership to EAC (confidential) (under separate cover)

SUMMARY

Council established its Environmental Advisory Committee (EAC) in October 1993. This report considers nominations for the next two year term expiring at the next ordinary elections day in 2019 and recommends the appointment of 11 members.

A minor change to the Terms of Reference has been made to align with section 5.21(3) of the *Local Government Act 1995* provisions for the Presiding Member to have a casting vote.

BACKGROUND

In accordance with the EAC Terms of Reference, membership of the Committee shall consist of a maximum of 12 members, inclusive of up to 11 community members with an interest and/or expertise in environmental matters and a demonstrated ability to provide impartial advice.

The objective of the Environmental Advisory Committee is to provide a forum for discussion and recommendations to Council including:

- Provide advice to Council on a range of environmental and sustainability issues within the Shire of Mundaring and across the community;
 - Advise on priority projects to be considered for funding in the Corporate Business Plan and/or Annual Budget;
 - Receive information and provide advice on key environmental and natural resource programs, services and facilities currently provided or planned by the Shire;
 - Work with the community to create and encourage increased levels of environmental awareness;
 - Make recommendations to Council on policy and appropriate courses of action to promote social, economic and environmental sustainability; and
 - Work within community to increase awareness in mitigation and adaptation strategies for climate change.
-

STATUTORY / LEGAL IMPLICATIONS

The EAC is established as a committee comprising council members and other members under section 5.9 of the *Local Government Act 1995* (the Act).

Council must appoint the committee members by absolute majority in accordance with section 5.10 of the Act.

Currently the Terms of Reference of the EAC include a provision which is inconsistent with section 5.21(3) of the Act. Revised Terms of Reference (see **ATTACHMENT**) modify section 10.2, replacing the words 'does not have' with the word 'does' in relation to the casting vote of the Presiding Member in the case of votes being equally divided.

STRATEGIC IMPLICATIONS

Mundaring 2026 Strategic Community Plan

Priority 1 - Governance

Objective 1.2 – Transparent, responsive and engaged processes for Shire decision making

Strategy 1.2.2 – Increase open and regular communication between elected members and the community

Priority 3 – Natural Environment

Objective 3.2 – A place where the environment is well managed

Strategy 3.2.1 – Identify and mitigate threats to the natural environment

SUSTAINABILITY IMPLICATIONS

As noted above, the objectives of the Environmental Advisory Committee include providing advice to Council on sustainability issues and promotion of social, economic and environmental sustainability.

RISK IMPLICATIONS

If the appointment of EAC members does not occur before the next scheduled EAC meeting of 28 November 2017 there would be a 'medium' reputational risk for the Shire.

EXTERNAL CONSULTATION

Nominations for the next two year term of membership to the EAC were sought by advertisements in local newspapers and using Shire social media accounts. Nominations for membership closed on 8 September 2017.

COMMENT

Twelve nominations for membership were received by the close of the nomination period, detailed in a confidential **ATTACHMENT**.

The number of nominees exceeds the limit of 11 community members as permitted by the Terms of Reference. Selection of membership to the EAC must be made from these 12 nominees.

All of the nominees have relevant knowledge and experience and ten have previously served as EAC members. The two new nominees, Kathryn Batchelor and Christine Groom, each have very relevant knowledge and work experience in the environmental field and are recommended to be appointed to the EAC.

One nominee, Tom Hogarth, previously lived within the Shire and has served several terms as an EAC member but has now moved out of the Shire area. Although he has confirmed that he is still keen to contribute to the EAC and in particular document the history of the Committee, there are a limited number of positions within the Committee. If an appointed member of the Committee resigned before the ordinary elections day in 2019 then a further report to Council could recommend that Tom Hogarth be appointed as a replacement member.

VOTING REQUIREMENT

Absolute Majority - *Local Government Act 1995* section 5.10

PERTH AIRPORT MUNICIPALITIES GROUP – PAMG

ABOUT US

Back in 1981/82, a group of nine local governments formed a coalition as a result of community issues surrounding the redevelopment of Perth Airport. With the success of that coalition, the nine local governments determined to formally establish as the Perth Airports Municipalities Group in January 1983. The Perth Airports Municipalities Group Inc (PAMG) is a not-for-profit association now comprising of twelve local governments members. The Group meets on a quarterly basis with stakeholders such as the operators of Perth and Jandakot Airports and representatives from the Department of Transport, Airservices Australia and the WA Local Government Association to discuss matters which either directly or indirectly impact on the community such as aircraft noise, flight paths, off-airport development, on-airport development etc.

WHAT WE DO

The PAMG meets quarterly and is a forum for local government and airport operators to discuss and resolve issues relating to airports which either directly or indirectly affect the local community. As well as our 11 member local governments, the meetings are attended by representatives from Perth and Jandakot Airports and a representative from the Department of Transport.

The PAMG provides comment to State and Commonwealth Governments through its responses to draft legislation relating to airports and aviation, Senate Committee issues papers and public hearings e.g. Senate Inquiry into the "Effectiveness of Airservices Australia's Management of Aircraft Noise", discussion papers e.g. "Safeguards for Airports and the Communities Around Them", and draft guidelines for things such as "Community Aviation Consultation Groups" and "Significant Impact on the Local or Regional Community" etc.

The PAMG receives briefings, reports and information from the operators of Perth and Jandakot Airports relating to their operations, on and off airport developments and any projects which may have a potential temporary impact on the local community such as runway maintenance works.

The Chairperson of the PAMG also represents WA on the Executive Committee of the Australian Mayoral Aviation Council (AMAC). AMAC is the national forum for local governments throughout Australia and was established for ongoing liaison with airport operators and other stakeholders, research, investigation and development of consolidated approaches to common issues surrounding airports and their co-existence with the local community

OBJECTIVES

The objects of the PAMG are -:

- (a) To provide a forum of meaningful discussion on issues which affect Metropolitan Airports and their environs;
- (b) To investigate, report and formulate recommendations in respect of matters affecting or likely to affect the development of Metropolitan Airports;
- (c) To monitor the use and environmental impact of Metropolitan Airports on neighbouring communities;

36

- (d) To advise relevant State and Federal ministers, State and Commonwealth government departments, Airport Noise Management Committees, Community Aviation Consultative Committees and the Owner/s of Perth and Jandakot airports on issues of major concern affecting airports and the surrounding communities;
- (e) To establish and maintain a strong partnering relationship with the Owner/s of Perth and Jandakot airports for the purpose of open and effective dialogue to identify, discuss, advise, research and seek proactive resolutions to issues affecting the airports and the immediate local community;
- (f) To provide a conduit and consultation mechanism for the expression of community views and a proper exchange of information with members of the community;
- (g) To consider all proposals affecting airport development and operations before policy decisions are made and before changes are effected in relevant legislation and regulations;
- (h) To liaise with the airport emergency procedures committees where necessary on matters involving emergency co-ordination and rescue response;
- (i) To pursue active participation on Australian Mayoral Aviation Council (AMAC) and such other bodies that may come into existence for the purpose of fostering participation in the development, use and monitoring the impact of airports;
- (j) To promote the economic benefits of civil aviation airports; and
- (k) To liaise with local government on issues of concern to the community, and to provide a forum for discussion of planning and development issues affecting future communities close to the major municipal airports.

METROPOLITAN REGIONAL ROAD GROUP

(NORTH EASTERN SUBGROUP)

Role of the Regional Road Group

Through regional road groups the state government provides local government with a voice in how the State's contribution to local roads is spent. This organisational structure and regional framework is in recognition of the greater understanding of the local community's road needs that local government representatives have.

With the decline in the road dollar combined with the ever increasing demands on the asset, there is imminent need for elected members of local government to think beyond local boundaries in order to maximise community benefits and preserve and improve the road system through co-operative arrangements with neighbouring communities.

Elected members, through Regional Road Groups, are able to influence road funding decisions and make recommendations that are of direct benefit to local communities and the Western Australian road user.

Regional Road Groups are responsible for:

- Assessing local government road funding needs
- Prioritising Road projects and Black Spot Projects
- Development of a long term plan (5 years) to distribute Road projects and Black Spot Grants
- Developing and improving methodology for the prioritisation of projects and the distribution of State funds
- Monitoring and reporting on program effectiveness
- Implementing Performance Indicators and open and accountable processes
- Ensuring grants are expended in the year of allocation
- Monitoring local government expenditure on approved local roads projects
- Recommending improved procedures to the Advisory Committee (equal representation from Main Roads and WALGA)
- Raising relevant issues on the Local Roads program and the overall road needs of the region with the Advisory Committee; and
- Providing advice to member local governments.

The Regional Road Group may delegate certain functions and tasks to regional Sub Groups, provided that all regional Sub Groups have the same delegated responsibilities.

PARKS OF THE DARLING RANGE COMMUNITY ADVISORY COMMITTEE

What is a regional park community advisory committee?

Regional Park Community Advisory Committees are established by the Department of Parks and Wildlife (the Department) to provide a regular forum to hear public opinion and exchange advice on management issues affecting regional parks.

Traditionally, the Department of Parks and Wildlife community advisory committees have been established in connection with the management of land vested in the Conservation Commission of WA and managed by the Department. However the role of regional park community advisory committees is not restricted to lands managed by the Department. As regional parks may consist of various land tenures managed by the Department, other State government agencies or local governments, it is expected that regional park community advisory committees will provide advice and exchange information on a range of issues spanning a number of management agencies.

The Director General of the Department of Parks and Wildlife appoints community members of community advisory committees. Appointments are endorsed by the Minister for the Environment.

The functions of a regional park community advisory committee are to:

- provide advice on issues referred to the committee by the managers of the parks;
- advise on the preparation and implementation of management plans and work programs;
- provide advice on matters of public concern or interest relating to the parks;
- assist the managing agencies in the dissemination of information to the broader community; and
- provide liaison and assist with coordinating community input into the parks.

Committees are not empowered to administer management programs or activities, or direct departmental staff.

Community advisory committees provide an important liaison role for the Department regarding regional park management issues. Other community groups, State government agencies, local government and other landowners within regional parks also provide management advice. The Department's management decisions will take into consideration advice from all groups.

Membership

- (i) Community members of a regional park community advisory committee will be selected primarily on the basis of expertise, experience, personal interest, community networks and location.
The Department will generally be represented by one officer. However there will be cases when a community advisory committee needs additional support and advice from a number of staff members. Appropriate local government and State government staff will also be invited on to the committee.
- (ii) Members of the public should feel in some way represented on the community advisory committee. Community members will be drawn from a broad spectrum of park visitors and community interest groups. It is important that committees are of a "workable" size.

In principle, community members are selected for committees based on their:

- personal interest in the Park;
 - commitment to progressing the work of the committee;
 - ability to represent a broad range of relevant interests;
 - understanding of the issues affecting park management;
 - experience as a park visitor; and
 - good community networks.
- (iii) Community representatives on the advisory committees are chosen as individuals and are not selected to represent community interest groups, associations or commercial interests. This being the case, there is no provision for community representatives to organise proxies, or arrangements whereby other people can attend a meeting in the member's absence.
- (iv) Membership will be for a period of one to three years, with a view to rotating membership to ensure that the committee includes people who have an understanding of current community concerns and interests. Rotating membership will also ensure retention of committee experience.
- (v) Members whose terms expire are eligible to reapply for reappointment either immediately or in the future.

Appointments to the committee

- (i) The Director General of the Department of Parks and Wildlife will appoint community members of advisory committees. When seeking nominations for positions to a community advisory committee, the Department may call for expressions of interest by:
- advertising in at least one edition of a relevant local paper;
 - media Statements;
 - corresponding directly with relevant organisations and individuals. Relevant organisations and individuals may be invited by letter to submit names for appointment to the community advisory committee.
- (ii) Offering the chairperson role to a community member will be based on the member's knowledge of the area, experience in meeting procedures and understanding of management issues.

Conduct of meetings

- (i) Community advisory committees are established to hear public opinion and exchange advice on management issues. Where possible community advisory committees should attempt to reach consensus on issues. Reaching consensus, however, is not vital as all committee input will be taken into consideration in the final management decision.
- (ii) Regularity of meetings will be decided between the community advisory committee members and the Department.
- (iii) Meeting procedures adopted by a committee should be consistent with sound meeting practice. A meeting protocol, which inhibits fair input by all members, is not appropriate. It must be ensured that all members are provided with the opportunity to participate.
- (iv) The Department's representative must be in attendance for the meeting to occur

- (v) Community advisory committees will be administered by the Department. This will include organising a venue, calling meetings, and circulating agendas and minutes.

Liaison with other bodies

- (i) In most instances, the functioning of the committee will be best served by having meetings closed to the public and the media. Members of the committee can act as private individuals in their relations with government or the media, but may not speak for the committee unless explicitly authorised by the Department.
- (ii) When acting for the advisory committee, members should only correspond under the 'signature' of the Chairperson and / or through the Department.

Forward planning

- (i) In consultation with the committee, the Department will provide a schedule of meeting dates and venues for the coming year.

DEVELOPMENT ASSESSMENT PANEL

Constitution of Development Assessment Panels

Each Development Assessment Panel (DAP) comprises five members; three specialist members, one of which is the presiding member, and two local members, nominated by the local government.

At a meeting of a DAP, a quorum is constituted by three members of the DAP, including the Presiding Member.

Specialist members

Specialist members are appointed from a list of appropriately qualified persons, based on the requirements outlined in the Development Assessment Panel (DAP) regulations. Specialist members may sit on more than one DAP. Specialist members must have experience in one or more of the following areas: planning, architecture, urban design, engineering, landscape design, environment, law, property development and management.

Presiding members

Presiding members are specialist members who hold planning qualifications who preside at Development Assessment Panel (DAP) meetings for the DAP in which they are appointed. In addition to the responsibilities of being a specialist member, presiding members must also chair meetings, determine minor amendments to DAP-determined applications, confirm DAP meeting minutes, and represent the DAP as the respondent in the event of an appeal.

Deputy presiding members

Deputy presiding members are specialist members who hold planning qualifications who will act in the place of the presiding member when he or she is unable to act by reason of illness, absence or other cause.

Local members

Local representation is a vital component of the Development Assessment Panel (DAP). Local members are members of a local government council who are nominated by that local government to sit on a DAP. The relevant local government will be responsible for nominating four local government representative members from the local government's pool of elected members (councillors). Two councillors will be local members, and two deputy local members to be called on if an issue of quorum arises. The Minister will appoint the local government representatives in accordance with the local government's nomination.

Should the local government fail to nominate four representatives, the Minister has the power to appoint two alternative community representatives to ensure local representation is always present on a panel. The regulations require that these alternate representatives are residents of the local area and have relevant knowledge or experience that, in the opinion of the Minister, will enable them to represent the interests of their local community.

Alternate members

There will be alternate (deputy) members for local members and specialist members. Alternate (deputy) members will be used when an issue of quorum arises or when a Development Assessment Panel (DAP) member is unable to act by reason of illness, absence or other cause. Deputy local members cannot sit in the place of specialist members, just as deputy specialist members cannot sit in the place of local members.
