Emergency Management | Information Sheet

Your Emergency Management Team

Meet the Shire of Mundaring's Emergency Management Team, working year-round to reduce bushfire risk, support residents, and build a more prepared and resilient community.

On your property

Helping you prepare for the bushfire season

- Free visits to provide personalised property advice (firebreaks, asset protection zones, safe residential winter burning)
- Permits to burn and advice on safe practices
- Firebreak and fuel load inspections
- Following up on illegal or unsafe burning.

Across the Shire

Looking after bushfire risk on public land

- Annual inspections of the Shire's 700+ reserves
- Mitigation planning, works and contractor management
- Liaison with the Shire's Environmental and Operations teams
- Works advice to impacted residents.

With the community

Supporting community preparedness

- Bushfire Risk Management Plan stakeholder engagement
- Community engagement: chats, workshops, incursions...
- Coordination of preparedness-related grant funding and projects
- Implementation of the Shire's Community Readiness and Resilience Plan.
