EDITION 5 - 24 JUNE 2021

Hall Happenings!

Thank you to everyone who shared their thoughts about the activities and events that they'd like to see at the Wooroloo Hall over coming months.

The survey is closed but all ideas are welcome. We will continue to collect feedback at the weekly Wooroloo Connect sessions (Tuesday's and Thursday's), and at future activities.

Recovery update

Clean-up's are progressing well, for updates please call 1800 328 997.

Free water is available from the Bushfire Recovery office in Gidgegannup.

BlazeAid will be wrapping up on 30 June, and what an amazing job their volunteers have done. Looking forward to **Disaster Relief Australia** returning to assist with fencing.

Dr Rob Gordon's online forums were very well received by all who participated. We're looking forward to having a link to the recordings available soon.

THANK YOU to Pete, Matt and Jason, three strangers linked only by a love of motorcycles. The trio came together to assist a fellow fanatic, and ex-racer, with reinstating some of the internal fencing on his Wooroloo property. Supervision was courtesy of a beautiful Harlequin Great Dane (see *picture left*) and energy was supplied by a very kind donation of locally home-made Anzac biscuits!
