EDITION 9 - 19 AUGUST 2021

The community thanks the Wooroloo Volunteer Bushfire Brigade - 1 August 2021

## Local Champs Taking the Lead

A swag of great ideas have been put forward by community members. Excitingly, a couple of these projects are about to commence, thanks to the passion and vision of local community champions.

- **Community Art Project** - the first conversation will be held at the Hall on Thursday 19 August from 4pm to 6pm, to gather ideas on what YOU would like to see and do in this space.
- **Wooroloo Hall Memorial** - collaborations are afoot and the community will be kept in the loop, and invited to assist with a busy bee to spruce up this special and historical area.

It has also been fantastic to have local residents assisting with recent events, especially the kids school holiday and after-school activities.

If you'd like to help with upcoming activities please let Karen know. The upcoming **D.I.S.C.O.** (15 September) is in desperate need of country style decor and the **HALL-oween Triva Afternoon** (31 October) has some little jobs lined up to share.

## Recovery update

**Wooroloo Tool Library** will be open from 1pm to 4pm every Wednesday, Saturday and Sunday - thanks to **Rotary WA**. Located next to the Wooroloo General Store, call David on 0419 904 010 for more details.

The Shire's **Bushfire Recovery Plan** was endorsed by Council at their last meeting.
