From the President

Hi everyone,

On Saturday 18 October, our community will head to the polls for local government elections. This is your chance to help shape the future of our shire by choosing the people who will represent our shared priorities. I encourage everyone to enrol, learn about the candidates, and take part in this important process.

At our August meeting, Council made a clear decision to oppose bauxite exploration and mining in the Mundaring Weir water catchment and Northern Jarrah Forest. Protecting our drinking water and preserving the unique jarrah forest are values our community holds deeply.

I want to thank the residents, community groups, and partners who have spoken with passion and insight on this matter. Your voices have helped guide Council's decision and strengthen our advocacy.

Together, we will continue to stand for the health of our environment, the sustainability of our water supply, and the special character of the Perth Hills that we are proud to call home.

Paige McNeil
Shire President
