

Grab n Go

ITEMS NOT PERMITTED FOR RESALE

Some items are prohibited for sale in Australia under [permanent bans](#), as specified by the Australian Competition and Consumer Commission. These items must never be sold at any time within Australia.

Other goods, including some second-hand goods, are required to comply with specified requirements, known as mandatory standards, before they can be sold.

Due to a number of factors, including resources and the absence of specialist knowledge, not all items governed by mandatory standards are permitted in the Grab n Go.

The following items are not permitted for resale and will not be accepted from customers in the Grab n Go:

- Food products, inclusive of alcohol and tobacco products
- Pharmaceuticals
- All poisons and chemicals, exclusive of domestic quantities of second hand paint products
- Medical equipment, e.g. defibrillators, life support equipment, wheelchairs, etc
- Diving (life support) equipment: Cylinders/tanks, regulators, buoyancy compensation devices. Does not include wetsuits/fins, masks etc
- Personal Flotation Devices (PFDs), both simple and complex in nature
